Nam Il Accuses Allies of Slaying, Wounding of Prisoners

Munsan, Korea, June 11 (AP)—The Korean armistice talks resumed today with the Communists protesting new bloodshed on Koje island and repeating old accusations that brought about a three-day walkout by the United Nations delegation.

Gen. Mark Clark, UN Far East commander, told the top Red commanders he fully approved the walkout which obviously caught the Reds off balance and brought a stream of protests from them.

In a letter delivered to North Korean Gen. Kim Il Sung and Chinese Gen. Peng Teh-huai, Clark wrote:

"Delegates of the United Nations command have endured for many days your maliciously false charges based on distortions and half truths presented in plenary sessions only for propaganda purposes. Their patience at all times has been commendable. The manner in which they have conducted negotiations meets with my full approval."

Gives Letter to Reds

A staff officer handed the letter to the Reds at Panmunjom shortly before the armistice talks resumed. It replied to a written protest from the Red generals two days earlier.

Maj. Gen. William K. Harrison, senior UN truce delegate, said there was no progress today on the truce blocking issue of exchange prisoners.

At Communist insistence, negotiators will meet again tomorrow at 11 a. m. (9 p. m. Wednesday EST).

North Korean Gen Nam IL, top Red negotiator, opened the 37-minute meeting by protesting allied action in moving rebellious prisoners of war on Koje Island yesterday. He said:

"According to information already made public, your side slaughtered 31 and wounded 139 of our captured personnel x x x. I am authorized to lodge with your side a serious protest.

Won't Be Tolerated

"Your slaughter of our captured personnel is absolutely not to be tolerated. Your side will be held fully responsible for the serious consequences of the massacre."

Allied authorities said at least 12 of the Reds on Koje were slain by other POWS.

Harrison repeated the UN position that no prisoner of war will be forced to return to Red rule. The Reds demand all their captured soldiers back regardless. Only 70,000 of 169,000 captured Reds have indicated a willingness to return.

Purcell Admits Guilt in Court

New York, June 11 (AP) — Gerard W. Purcell, 39, former recording secretary of the Uniformed Firemen's Association, today pleaded guilty to charges that he stole funds from the organization.

Defense Counsel Sol Gelb informed Judge Jonah J. Goldstein that Purcell wished to plead guilty to three grand larceny counts in the 20-count indictment.

The prosecutor assented.

Sentencing was set for Oct. 22, and Purcell was continued in $7,500 bail.

President Has No Use for Law, Which He Says Is Unfair

Washington, June 11 (AP)—Top government officials said today President Truman probably will turn now to the Taft-Hartley law, which he loathes, in an effort to get the steel mills back into production.

The Senate, unmoved by Truman's personal appeal for special seizure powers, held firmly against any alternative other than Taft-Hartley.

"The issue for peace or war hangs in the balance and steel is a vital element in the outcome," Truman told a hastily-arranged joint meeting of Senate and House yesterday after the sudden collapse of industry-union negotiations.

After hearing him, irate Republican and Southern Democratic senators joined forces to write into the anti-inflation defense production act an official "request" that Truman invoke at once the labor relations law he had just denounced as "unfair, harmful and futile."

Taft Makes Statement

Sen. Robert A. Taft of Ohio, co-author of the law, and an aspirant for the Republican presidential nomination, helped lead a succession of rebuffs to the White House on the seizure issue. At day's end, Taft told a reporter:

"This was a direct answer to the President's request for Congress to act. Congress has acted."

Government officials seemed to be generally agreed that Truman's personally-delivered request to Congress for a special seizure law came close to committing him to do whatever Congress asked. These officials, who asked reporters not to quote them by name, said the tone of the President's speech suggested willingness to comply with the wishes of Congress, despite his statement that recourse to Taft-Hartley would be "by far the worse of the two approaches."

To use the Taft-Hartley Act's 80-day anti-strike injunction provisions, Truman contended, "would be to take sides with the companies and against the workers."

Hints at No Assurances

He hinted broadly there was no assurance the 650,000 striking steelworkers would obey an injunction—a statement which drew sparks from Taft and others as an "invitation" to defy the law. They have been on strike since June 2 when the Supreme Court ruled Truman's seizure of the industry was illegal.

Within hours the Senate bowled over three plant seizure proposals, two of which had the tacit White House blessing, and spiked into the controls bill the request to use the Taft-Hartley law.

The margins were decisive, but administration forces planned one last major effort today to put across a new seizure amendment. They conceded in advance they probably will take another beating.

In his speech to Congress Truman repeated his argument that a strike already had been averted for more than the 80 days a Taft-Hartley law injunction would have deferred it, and that the act's provisions for fact-finding already have been met in the disputed recommendations of the Wage Stabilization Board.

Acted Voluntarily 99 Days

"In the steel case," he said, "the union already . . . had voluntarily postponed strike action for 99 days."

Truman said the present agreement under which workers and steel companies have promised to "assure production of military requirements essential to our forces combating Communist aggression" is not enough. He said it does not meet needs for steel to build atomic weapons plans and other defense facilities.

"Our national security depends upon our total economic strength, and steel is a basic element in that strength," he said.

Acheson Continues Plea for Approval Of Two Contracts

McCloy to Testify on Need of Aid Fund for Fiscal Year of Six Billions

Washington, June 11 (AP)—Secretary of State Acheson today continues his plea for quick Senate approval of two agreements to bring West Germany into the European military alliance.

Acheson won praise from a Republican senator at his initial appearance before the Foreign Relations Committee yesterday.

Sen. H. Alexander Smith of New Jersey told the secretary "you've shown the greatest foresight" in negotiating the documents bringing western Germany into the free world defense setup.

"I commend you," said Smith.

Undersecretary of State David Bruce and John J. McCloy, high commissioner to western Germany, accompany Acheson today.

McCloy also has a date to appear before the Senate Appropriations Committee on the $6,400,000,000 foreign aid program for the fiscal year beginning July 1.

The documents up for Senate ratification are a peace contract between the United States, Britain and France and western Germany and a protocol extending to western Germany the protection of the North Atlantic Treaty.

Will Encourage Nations

Acheson told the committee yesterday that prompt ratification by the United States will encourage those nations which look to the United States for leadership.

No opposition to the documents was expressed by committee members although some did not get to question the secretary.

Searching inquiries were made, however, about the extent of American commitments under the documents.

Acheson told Committee Chairman Connally (D-Tex.) "there is no automatic act of war involved" on the part of the United States if there is aggression against Western Germany or any other

Hudelson Warned He Shouldn't Talk; Reiterates Stand

Los Angeles, June 11 (AP)—Maj. Gen. Daniel H. Hudelson, who created a furore upon his return from Korea by saying the Reds can overrun United Nations forces there, says the army has warned him that further public statements should be released through regular military channels.

The reserve officer who commanded California's 40th Division in Korea, said that he was telephoned yesterday by Gen. William B. Kean, commanding general at Ft. MacArthur here and "reminded that there was a policy on press releases with which I should be familiar."

Gen. Hudelson told newsmen he did not interpret this to mean that the army was placing a gag on him, unless it delayed releasing him to civilian life. The general plans to return to his job as an oil firm executive.

'And That's That'

As for his earlier statement that he believes the UN forces cannot win in Korea under any circumstances, the officer reiterated: "That's the way I feel, and that's that."

A Sixth Army spokesman said the service is looking into Gen. Hudelson's statements, and added that the general was still on active duty when he made them.

Meantime, it was disclosed that Gen. Hudelson received the Distinguished Service Medal the day he left Korea for "exceptional meritorious service in a position of great responsibility."

Reds Kill 15 Fellow POWs, Surrender for Dispersal

Night of Terror Takes Place in Compound; Some Anti-Reds Make Escape

Koje Island, Korea, June 11 (AP)—Communist prisoners of war in compound 77 murdered 15 fellow POWS in a night of terror, then meekly surrendered to United Nations troops today for dispersal to smaller stockades.

American guards seized seven of the compound's leaders after the group had been shifted. The Red leaders were put in isolation cells. Other Red prisoners in a central exercise ground of the new enclosure, then refused to return to their compound but sullenly complied when a company of American troops rushed up.

A leader of tough prison pen 66—holding 2,700 North Korean officers and 650 enlisted men—was shown the shambles of compound 76 where the Reds resisted dispersal. But American guards said throughout the day they heard considerable hammering in 66, an indication the POWS were shaping crude weapons.

Nine Bodies Found

American paratroopers found eight POW bodies still oozing blood in a well in compound 77. Later a ninth body doubled up in an oil drum was discovered in the same well.

Five bodies were found in trenches and another in an abandoned well.

One victim's hands were tied behind his back. Others had been beaten and ropes were taut around the necks.

Twenty anti-Red prisoners scaled barbed wire fences during the night. They said Red leaders had planned to kill them.

The 6,288 North Koreans in the compound were the third such group to be dispersed to 500-man compounds in Brig. Gen. Haydon L. Boatner's campaign for uncontested control over the POWs.

Prisoners in Compound 95 today gave up the bodies of eight POWs killed in an April 10 riot. A small group of prisoners accompanied the bodies to a prisoner cemetery outside the compound.

The 6,400 Reds in Compound 76—first to be dispersed—fought savagely for 2½ hours yesterday before being subdued by 750 tough paratroopers from the 187th Airborne Combat Team.

Jockey Arcaro Is Guest of Miron

Building Supply President Has Horses Too, but They're Eaters

Genial, brown-eyed Eddie Arcaro, whose horses have earned more than $12,000,000 during the career of this fabulous jockey, paid his first visit to Kingston this morning to visit his long-time friend, Jules Miron, president of Miron Building Products, Inc.

Miron, whose permanent home is at Jamaica Estates, L. I., said that his family and Arcaro's, who live at Rockville Center, L. I., had known each other for many years. Arcaro and a friend, William Horn, toured the Miron plant on Rondout creek this morning with the affable president of the six-year-old firm.

"Do you enjoy your races?" the diminutive muscle-man, who has won close to 100 races already this year, including the top turf classics, was asked. Arcaro is a five-time winner of the Kentucky Derby.

"Sure," he smiled, with a twinkle in his eyes. "Besides that, it's a good living."

He declined a cigar proffered by Miron, never smokes them, he says. Yes, he does cigarettes, however.

"You know," Arcaro confided, "Miron has horses."

His Favorite Missed

Don't even mention them," Miron laughted. "They sure can eat the hay and oats." He explained that he has a small string of the racers but no name-horses. Some years ago, however, a two-year-old named Weyanoke, owned by Miron, was favored in the Kentucky Derby., but failed to come through.

"Eddie's an author," Miron interjected. "He wrote a book several years ago entitled, I Ride the Wind. It has sold out two editions."

Arcaro has ridden some of the greatest horses of all time. A few of them — Citation, Whirlaway, Assault, Hillgail (won the Derby this year), Intent (Futurity winner), One Count (Belmont this year). He's leaving tomorrow for Chicago where he hopes to lift his total of races won to 3,000.

He hasn't won the most races, the modest, soft-spoken Arcaro, who was born in a little place called Newport, Ky., said in reply to a question. He explained that Gordon Richards, an English jockey, held the world record and that Johnnie Langdon of this country was second. Arcaro is third.

Arcaro Wins Rich Ones

"He's won most of the rich stakes, though," Miron pointed out.

Arcaro, asked how he felt about a wet track, replied, "I don't think anybody likes a wet track. The horses kick up slop into your face. It takes a couple of days to get the mud out of your eyes sometimes."

He pointed out, however, that some horses, running in mud, improve five or six lengths over their same performance on a dry track. He explained that some horses have bad legs and feet and that a soft track is easier on them. It's

Windstorm Fells Trees; Damages Utility Wires

A sudden windstorm accompanied by light rains swept over a large area of the city and county last evening leaving behind many fallen trees and doing damage to public utilities. Several sections of the county were left temporarily without lights for a time but all service was restored by 11 o'clock last night.

The damage to electric wires was so widespread that the Central Hudson Gas and Electric Corporation called in crews from Catskill to assist local men.

Lights Knocked Out

A tree was blown down on Broadway near Elmendorf street taking out a section of lights, and on Field Court damage to the system put out lights in that area and the Thomas street section. Damage in the city was not serious, the management of the corporation explained, but in the county area there was widespread damage, mostly from falling trees or branches which carried away wires.

In several sections of the city limbs were torn from trees and the board of public works sent out crews to clear streets. On Hone street a large tree was split and because of the threatened danger, it was removed.

Edwin T. Strong, district manager for the Central Hudson, reported considerable damage in the county to electric lines which were "hit hard" in several localities by falling trees.

Severe at West Park

Damage was particularly severe in the West Park area, Sawkill road, Boice's lane and Neighborhood road areas. Near Glasco there was also some damage, at Saxeville on route 209, and at Sheldon Hill near Stone Ridge damage was quite extensive.

A large tree carried away wires between Saxeville and Stone Ridge and for a time traffic was routed one way at a time. Deputy Sheriff Chester Wolven was sent to the scene to assist in handling traffic. New York State Highway employes and Central Hudson crews cleared the block and conditions were restored to normal early in the evening.

Damage was quite severe in certain sections. Three crews were at work at one time in five sections on the Neighborhood road clearing trees and making repairs to electric wires.

Red Screws Made Tight in Germany

People's Police Ordered to Shoot First; Halt Refugee Stream

Frankfurt, Germany, June 11 (AP)—Jackbooted Communist Vopos (People's Police), apparently under orders to shoot first and ask questions later, tighened Red security screws all along the iron curtain in Germany from the Baltic to Bavaria today.

What was once a stream of refugees from the East zone dwindled to a mere trickle. West German police said the whole border area seemed deserted, except for prowling patrols of the Communist Volkspolizei and their watchdogs.

Bavarian police said they have been notified they can claim the body of a West German farmer shot and killed Monday night by the East police. Two West German farmers apparently had stepped briefly across the border on their way home from a church festival. The Communist police fired without warning, killing one farmer. The other was arrested.

Shootings Increase

Such shootings have increased recently as the Vopos clamped down tighter controls to stop East German youths from fleeing the threat of military conscription under the Reds. The plowed ground, fences with trip flares and the roving patrols, made flights for freedom an invitation to death.

In West Berlin, an island deep in the Soviet zone, new developments included the kidnaping of three West Berliners by a Russian-led police patrol which invaded the British sector.

Last night in Berlin, the Soviet commander for East Germany, Gen. Vasily Chuikov, brusquely rejected an Allied protest against his ban on Allied military patrols from the superhighway between Berlin and West Germany.

Move Designed to Tell Eisenhower Backers of No-Quarter in Bid for Votes

Chicago, June 11 (AP)—Sen. Robert A. Taft has tightened control over Republican convention machinery with the apparent intention of fighting vigorously for the seating of southern delegates favorable to him.

The top Arrangement Committee's choice yesterday of Gen. Douglas MacArthur as keynoter, and the selection of Taft backers to fill other major convention posts, was dictated down the line by the Ohioan's camp.

The action served notice on supporters of Gen. Dwight D. Eisenhower, Taft's chief rival for the GOP presidential nomination, that there will be no quarter in the battle over disputed southern votes which may go a long way toward determining the winner.

The keynoter assignment for MacArthur, who has publicly backed Taft and has criticized Eisenhower indirectly, emphasized the no-compromise mood of the Ohioan's backers.

To Raise No Issue

Although there had been some question about the legality of the five-star general's addressing a party convention because of army regulations, the Pentagon said it would raise no issue on this point. Friends said MacArthur would speak in civilian clothes.

Eisenhower has asked retirement to campaign and has cut off at his own initiative his $19,541 yearly pay and allowances from the army. MacArthur draws a somewhat similar amount as an officer on active duty, without specific assignment.

While MacArthur is expected to make a party-rallying speech without reference to any particular candidate, some other convention officers selected by the arrangements group are in a position to make vital rulings.

Chosen as Chairman

One of these is Walter Hallanan of West Virginia, a Taft supporter chosen as temporary chairman when that post was divorced from the keynoter's job in order not to burden MacArthur with gavel pounding chores.

Hallanan already has made it

Four New York Police Aides Arrested in Extortion Plots

New York, June 11 (AP)—Two city detectives and two honor patrolmen, one of whom was shot fleeing a police trap, have been arrested in two separate alleged extortion plots.

The two detectives—Sidney Newman, 38, and Christopher Forster, 30—were accused yesterday of demanding and accepting $20 from a tavern owner in a case involving the reported loss of $700 by a seaman at the tavern.

Patrolmen Frederick G. Schnepf, 32, and John D. Cooke, 25, were arrested a few hours later on charges of trying to shake down a Mount Vernon, N. Y., salesman for $50 in an alleged morals case.

All four were booked on attempted extortion charges and suspended from the force.

Schnepf was shot in the shoulder as he fled a Times Square trap set up by detectives for him and Cooke. He was not seriously hurt. Both patrolmen were in civilian clothes when officers arrested them.

Police gave these accounts of the two alleged schemes:

The Schnepf-Cooke affair—Frederick Ratzlaff, 34, of Mount Vernon, was in the men's room of a 42nd street movie house last Friday when Schnepf arrived.

An "indecent proposal" was made in conversation between the two, and Schnepf flashed his badge and told Ratzlaff he was under arrest. Cooke joined them and they started for a nearby station house.

Then the two patrolmen told Ratzlaff the case would cost him $300 in legal fees once he was

Eisenhower Backer Says Mac Choice Steamroller Move

Hoffman Is 'Surprised' Taft Did Not Get Keynoter Role at Convention

New York, June 11 (AP)—One of the top advisers in Gen. Dwight D. Eisenhower's campaign for the Republican presidential nomination said today that selection of Gen. Douglas MacArthur as GOP keynoter was an attempt to steamroller the convention for Sen. Robert A. Taft.

This complaint against the arrangements committee for the party's national convention came from Paul V. Hoffman, chairman of the Advisory Committee of Citizens for Eisenhower.

He said MacArthur's selection as keynoter was a "pro-Taft" attempt "to get the old steamroller in motion."

Talking with reporters after an hour-long conference with Eisenhower this morning, Hoffman said:

"The nomination should not be decided by machine tactics. We knew the arrangements committee was pro-Taft. I'm surprised they did not give the keynote to Taft himself.

Won't Hurt Eisenhower

"When all the shouting is over, it's the people who will decide, not the arrangements committee. I don't think it will hurt Eisenhower a bit."

Eisenhower has a long list of engagements today, including one with a non-committal John Foster Dulles and some doubtful New Jersey delegates.

Eisenhower headquarters also announced the general would meet this morning with one of his top campaign advisors, former Economic Cooperation Administrator Paul Hoffman.

Originally Eisenhower had only afternoon dates with Maryland and New York delegates to the

Superliner Records 34 Knots; Believe 'Sweep' Assured

Newport News, Va., June 11 (AP)—Shipyard technicians and decorators today began putting the finishing touches on the new superliner United States, fresh from her sea trials in which she made her opening bid for the title of first lady of the seas.

They are grooming the 53,290-ton liner for delivery June 20 to the U. S. Lines. She will move on to her home port of New York June 23 and 10 days later make her maiden trans-Atlantic run to Southampton, England.

The Newport News Shipbuilding and Drydock Co. top officials, U. S. Maritime Administration men and her owners all feel confident she will be able to take the speed crown from the British Cunard-White Star liner Queen Mary. The Queen set the Atlantic speed record in 1938, making the crossing at an average of a shade under 32 knots.

Speed Is Proved

The United States, largest and heaviest passenger ship ever built in America, proved yesterday in her sea trials she was easily the fastest—faster than any other large vessel, including navy ships heavier than destroyers.

Her 165,000 horsepower main propulsion plant thrust the 990 foot United States through moderate Atlantic seas at speeds described officially at "considerably" more than 34 knots.

How much more than 34 knots Maritime Administration officials aboard did not want disclosed. The United States was built to be quickly converted to a high speed troop transport in case of war.

Reds Kill 15 Fellow POWs, Surrender for Dispersal

Night of Terror Takes Place in Compound; Some Anti-Reds Make Escape

Koje Island, Korea, June 11 (AP)—Communist prisoners of war in compound 77 murdered 15 fellow POWS in a night of terror, then meekly surrendered to United Nations troops today for dispersal to smaller stockades.

American guards seized seven of the compound's leaders after the group had been shifted. The Red leaders were put in isolation cells. Other Red prisoners in a central exercise ground of the new enclosure, then refused to return to their compound but sullenly complied when a company of American troops rushed up.

A leader of tough prison pen 66—holding 2,700 North Korean officers and 650 enlisted men—was shown the shambles of compound 76 where the Reds resisted dispersal. But American guards said throughout the day they heard considerable hammering in 66, an indication the POWS were shaping crude weapons.

Nine Bodies Found

American paratroopers found eight POW bodies still oozing blood in a well in compound 77. Later a ninth body doubled up in an oil drum was discovered in the same well.

Five bodies were found in trenches and another in an abandoned well.

One victim's hands were tied behind his back. Others had been beaten and ropes were taut around the necks.

Twenty anti-Red prisoners scaled barbed wire fences during the night. They said Red leaders had planned to kill them.

The 6,288 North Koreans in the compound were the third such group to be dispersed to 500-man compounds in Brig. Gen. Haydon L. Boatner's campaign for uncontested control over the POWs.

Prisoners in Compound 95 today gave up the bodies of eight POWs killed in an April 10 riot. A small group of prisoners accompanied the bodies to a prisoner cemetery outside the compound.

The 6,400 Reds in Compound 76—first to be dispersed—fought savagely for 2½ hours yesterday before being subdued by 750 tough paratroopers from the 187th Airborne Combat Team.

Jockey Arcaro Is Guest of Miron

Building Supply President Has Horses Too, but They're Eaters

Genial, brown-eyed Eddie Arcaro, whose horses have earned more than $12,000,000 during the career of this fabulous jockey, paid his first visit to Kingston this morning to visit his long-time friend, Jules Miron, president of Miron Building Products, Inc.

Miron, whose permanent home is at Jamaica Estates, L. I., said that his family and Arcaro's, who live at Rockville Center, L. I., had known each other for many years. Arcaro and a friend, William Horn, toured the Miron plant on Rondout creek this morning with the affable president of the six-year-old firm.

"Do you enjoy your races?" the diminutive muscle-man, who has won close to 100 races already this year, including the top turf classics, was asked. Arcaro is a five-time winner of the Kentucky Derby.

"Sure," he smiled, with a twinkle in his eyes. "Besides that, it's a good living."

He declined a cigar proffered by Miron, never smokes them, he says. Yes, he does cigarettes, however.

"You know," Arcaro confided, "Miron has horses."

His Favorite Missed

Don't even mention them," Miron laughted. "They sure can eat the hay and oats." He explained that he has a small string of the racers but no name-horses. Some years ago, however, a two-year-old named Weyanoke, owned by Miron, was favored in the Kentucky Derby., but failed to come through.

"Eddie's an author," Miron interjected. "He wrote a book several years ago entitled, I Ride the Wind. It has sold out two editions."

Arcaro has ridden some of the greatest horses of all time. A few of them — Citation, Whirlaway, Assault, Hillgail (won the Derby this year), Intent (Futurity winner), One Count (Belmont this year). He's leaving tomorrow for Chicago where he hopes to lift his total of races won to 3,000.

He hasn't won the most races, the modest, soft-spoken Arcaro, who was born in a little place called Newport, Ky., said in reply to a question. He explained that Gordon Richards, an English jockey, held the world record and that Johnnie Langdon of this country was second. Arcaro is third.

Arcaro Wins Rich Ones

"He's won most of the rich stakes, though," Miron pointed out.

Arcaro, asked how he felt about a wet track, replied, "I don't think anybody likes a wet track. The horses kick up slop into your face. It takes a couple of days to get the mud out of your eyes sometimes."

He pointed out, however, that some horses, running in mud, improve five or six lengths over their same performance on a dry track. He explained that some horses have bad legs and feet and that a soft track is easier on them. It's

Windstorm Fells Trees; Damages Utility Wires

A sudden windstorm accompanied by light rains swept over a large area of the city and county last evening leaving behind many fallen trees and doing damage to public utilities. Several sections of the county were left temporarily without lights for a time but all service was restored by 11 o'clock last night.

The damage to electric wires was so widespread that the Central Hudson Gas and Electric Corporation called in crews from Catskill to assist local men.

Lights Knocked Out

A tree was blown down on Broadway near Elmendorf street taking out a section of lights, and on Field Court damage to the system put out lights in that area and the Thomas street section. Damage in the city was not serious, the management of the corporation explained, but in the county area there was widespread damage, mostly from falling trees or branches which carried away wires.

In several sections of the city limbs were torn from trees and the board of public works sent out crews to clear streets. On Hone street a large tree was split and because of the threatened danger, it was removed.

Edwin T. Strong, district manager for the Central Hudson, reported considerable damage in the county to electric lines which were "hit hard" in several localities by falling trees.

Severe at West Park

Damage was particularly severe in the West Park area, Sawkill road, Boice's lane and Neighborhood road areas. Near Glasco there was also some damage, at Saxeville on route 209, and at Sheldon Hill near Stone Ridge damage was quite extensive.

A large tree carried away wires between Saxeville and Stone Ridge and for a time traffic was routed one way at a time. Deputy Sheriff Chester Wolven was sent to the scene to assist in handling traffic. New York State Highway employes and Central Hudson crews cleared the block and conditions were restored to normal early in the evening.

Damage was quite severe in certain sections. Three crews were at work at one time in five sections on the Neighborhood road clearing trees and making repairs to electric wires.

Hudelson Warned He Shouldn't Talk; Reiterates Stand

Los Angeles, June 11 (AP)—Maj. Gen. Daniel H. Hudelson, who created a furore upon his return from Korea by saying the Reds can overrun United Nations forces there, says the army has warned him that further public statements should be released through regular military channels.

The reserve officer who commanded California's 40th Division in Korea, said that he was telephoned yesterday by Gen. William B. Kean, commanding general at Ft. MacArthur here and "reminded that there was a policy on press releases with which I should be familiar."

Gen. Hudelson told newsmen he did not interpret this to mean that the army was placing a gag on him, unless it delayed releasing him to civilian life. The general plans to return to his job as an oil firm executive.

'And That's That'

As for his earlier statement that he believes the UN forces cannot win in Korea under any circumstances, the officer reiterated: "That's the way I feel, and that's that."

A Sixth Army spokesman said the service is looking into Gen. Hudelson's statements, and added that the general was still on active duty when he made them.

Meantime, it was disclosed that Gen. Hudelson received the Distinguished Service Medal the day he left Korea for "exceptional meritorious service in a position of great responsibility."

Red Screws Made Tight in Germany

People's Police Ordered to Shoot First; Halt Refugee Stream

Frankfurt, Germany, June 11 (AP)—Jackbooted Communist Vopos (People's Police), apparently under orders to shoot first and ask questions later, tighened Red security screws all along the iron curtain in Germany from the Baltic to Bavaria today.

What was once a stream of refugees from the East zone dwindled to a mere trickle. West German police said the whole border area seemed deserted, except for prowling patrols of the Communist Volkspolizei and their watchdogs.

Bavarian police said they have been notified they can claim the body of a West German farmer shot and killed Monday night by the East police. Two West German farmers apparently had stepped briefly across the border on their way home from a church festival. The Communist police fired without warning, killing one farmer. The other was arrested.

Shootings Increase

Such shootings have increased recently as the Vopos clamped down tighter controls to stop East German youths from fleeing the threat of military conscription under the Reds. The plowed ground, fences with trip flares and the roving patrols, made flights for freedom an invitation to death.

In West Berlin, an island deep in the Soviet zone, new developments included the kidnaping of three West Berliners by a Russian-led police patrol which invaded the British sector.

Last night in Berlin, the Soviet commander for East Germany, Gen. Vasily Chuikov, brusquely rejected an Allied protest against his ban on Allied military patrols from the superhighway between Berlin and West Germany.

Moscow, June 11 (AP)—The Moscow press today announced the death of old Bolshevik Peter Karavaev, deputy chief of the Communist party's central archieves. He was 68.

Move Designed to Tell Eisenhower Backers of No-Quarter in Bid for Votes

Chicago, June 11 (AP)—Sen. Robert A. Taft has tightened control over Republican convention machinery with the apparent intention of fighting vigorously for the seating of southern delegates favorable to him.

The top Arrangement Committee's choice yesterday of Gen. Douglas MacArthur as keynoter, and the selection of Taft backers to fill other major convention posts, was dictated down the line by the Ohioan's camp.

The action served notice on supporters of Gen. Dwight D. Eisenhower, Taft's chief rival for the GOP presidential nomination, that there will be no quarter in the battle over disputed southern votes which may go a long way toward determining the winner.

The keynoter assignment for MacArthur, who has publicly backed Taft and has criticized Eisenhower indirectly, emphasized the no-compromise mood of the Ohioan's backers.

To Raise No Issue

Although there had been some question about the legality of the five-star general's addressing a party convention because of army regulations, the Pentagon said it would raise no issue on this point. Friends said MacArthur would speak in civilian clothes.

Eisenhower has asked retirement to campaign and has cut off at his own initiative his $19,541 yearly pay and allowances from the army. MacArthur draws a somewhat similar amount as an officer on active duty, without specific assignment.

While MacArthur is expected to make a party-rallying speech without reference to any particular candidate, some other convention officers selected by the arrangements group are in a position to make vital rulings.

Chosen as Chairman

One of these is Walter Hallanan of West Virginia, a Taft supporter chosen as temporary chairman when that post was divorced from the keynoter's job in order not to burden MacArthur with gavel pounding chores.

Hallanan already has made it

Eisenhower Backer Says Mac Choice Steamroller Move

Hoffman Is 'Surprised' Taft Did Not Get Keynoter Role at Convention

New York, June 11 (AP)—One of the top advisers in Gen. Dwight D. Eisenhower's campaign for the Republican presidential nomination said today that selection of Gen. Douglas MacArthur as GOP keynoter was an attempt to steamroller the convention for Sen. Robert A. Taft.

This complaint against the arrangements committee for the party's national convention came from Paul V. Hoffman, chairman of the Advisory Committee of Citizens for Eisenhower.

He said MacArthur's selection as keynoter was a "pro-Taft" attempt "to get the old steamroller in motion."

Talking with reporters after an hour-long conference with Eisenhower this morning, Hoffman said:

"The nomination should not be decided by machine tactics. We knew the arrangements committee was pro-Taft. I'm surprised they did not give the keynote to Taft himself.

Won't Hurt Eisenhower

"When all the shouting is over, it's the people who will decide, not the arrangements committee. I don't think it will hurt Eisenhower a bit."

Eisenhower has a long list of engagements today, including one with a non-committal John Foster Dulles and some doubtful New Jersey delegates.

Eisenhower headquarters also announced the general would meet this morning with one of his top campaign advisors, former Economic Cooperation Administrator Paul Hoffman.

Originally Eisenhower had only afternoon dates with Maryland and New York delegates to the

Superliner Records 34 Knots; Believe 'Sweep' Assured

Newport News, Va., June 11 (AP)—Shipyard technicians and decorators today began putting the finishing touches on the new superliner United States, fresh from her sea trials in which she made her opening bid for the title of first lady of the seas.

They are grooming the 53,290-ton liner for delivery June 20 to the U. S. Lines. She will move on to her home port of New York June 23 and 10 days later make her maiden trans-Atlantic run to Southampton, England.

The Newport News Shipbuilding and Drydock Co. top officials, U. S. Maritime Administration men and her owners all feel confident she will be able to take the speed crown from the British Cunard-White Star liner Queen Mary. The Queen set the Atlantic speed record in 1938, making the crossing at an average of a shade under 32 knots.

Speed Is Proved

The United States, largest and heaviest passenger ship ever built in America, proved yesterday in her sea trials she was easily the fastest—faster than any other large vessel, including navy ships heavier than destroyers.

Her 165,000 horsepower main propulsion plant thrust the 990 foot United States through moderate Atlantic seas at speeds described officially at "considerably" more than 34 knots.

How much more than 34 knots Maritime Administration officials aboard did not want disclosed. The United States was built to be quickly converted to a high speed troop transport in case of war.

Four New York Police Aides Arrested in Extortion Plots

New York, June 11 (AP)—Two city detectives and two honor patrolmen, one of whom was shot fleeing a police trap, have been arrested in two separate alleged extortion plots.

The two detectives—Sidney Newman, 38, and Christopher Forster, 30—were accused yesterday of demanding and accepting $20 from a tavern owner in a case involving the reported loss of $700 by a seaman at the tavern.

Patrolmen Frederick G. Schnepf, 32, and John D. Cooke, 25, were arrested a few hours later on charges of trying to shake down a Mount Vernon, N. Y., salesman for $50 in an alleged morals case.

All four were booked on attempted extortion charges and suspended from the force.

Schnepf was shot in the shoulder as he fled a Times Square trap set up by detectives for him and Cooke. He was not seriously hurt. Both patrolmen were in civilian clothes when officers arrested them.

Police gave these accounts of the two alleged schemes:

The Schnepf-Cooke affair—Frederick Ratzlaff, 34, of Mount Vernon, was in the men's room of a 42nd street movie house last Friday when Schnepf arrived.

An "indecent proposal" was made in conversation between the two, and Schnepf flashed his badge and told Ratzlaff he was under arrest. Cooke joined them and they started for a nearby station house.

Then the two patrolmen told Ratzlaff the case would cost him $300 in legal fees once he was

Salvation Army Begins Canvassing

House to house canvassing is beginning on the drive to raise $8,000 for the Kingston Salvation Army Corps, Capt. Lloyd Davis, commanding officer, said today.

The drive, which began on May 26 in its mail and initial gift phases, has progressed slowly due to a lack of adequate numbers of volunteer workers, it was revealed by James Hanstein, general chairman, who today issued a call for persons interested in actively furthering the Salvation Army's work by participating in the fund drive to contact him or Capt. Davis.

The organization, which conducts a program of religious services and training, emergency relief, recreation and fellowship, is seeking $8,000, which represents slightly more than half the local corps' annual budget, Capt. Davis has said. The remainder of the budget is raised from what the Army terms "internal sources," including collections taken at services.

Flag Day Proclaimed

Albany, N. Y., June 11 (AP)—Gov. Dewey said today the American flag was "a symbol of our position as the principal bulwark of the free world." In a proclamation designating June 14 as "Flag Day" in New York state, Dewey also said that "The Star Spangled Banner is more than a flag, it is the symbol of our great heritage of freedom, of our ideals and responsibilities as well as our privileges."

Ancient Whale Halts Work on West Coast

Los Angeles, June 11 (AP)—A whale that swam the seas 20 million years ago brought work to an abrupt halt at an excavation site in the nearby Palos Verdes hills.

When workmen pick-axed into the monster's fossilized bones yesterday they sent for Dr. Hildegarde Howard, chief curator of science at the Los Angeles County Museum.

She identified the bones as belonging to a prehistoric whale—probably between 25 and 40 feet long. The find is interesting, she said, but not unusual for this area. A piece of the skeleton—the tympanic bulla, or inner ear—was sent to the Smithsonian Institution in Washington for study.

Rebel GOP Group Circulates Petitions

Riverhead, N. Y., June 11 (AP)—A rebel Republican group yesterday began circulating petitions urging the nomination of either Sen. Robert A. Taft or General Douglas MacArthur as GOP candidate for president.

The group is headed by Maj. George Racey Jordan, who in 1949 charged that unauthorized secret materials were shipped to Russia from a Montana air base during World War 2.

A congressional committee found no indication that his charges were true.

R. Ford Hughes, Suffolk county delegate to the Chicago convention, has said publicly that he is uncommitted as yet. But he is linked with Gov. Thomas E. Dewey, who is an ardent supporter of Gen. Dwight D. Eisenhower.

Jordan's petition scores the "me-tooism" of Dewey and labels Eisenhower "a Truman-blessed candidate who also has a me-too attitude."

All Saints to Elect Officers June 16

The All Saints Episcopal Church, Rosendale, will meet at the parish hall at 7:45 p. m. Monday, June 16, to elect two wardens and three vestrymen as required by state law and canonical regulations.

A transportation plan for Episcopalians living in the Rosendale-Tillson section who wish to attend services at All Saints is now under consideration. Those interested are asked to get in touch with any member of the parish living in their area. This should be done as soon as possible in order that the committee studying the transportation problem may know how many persons would be interested in the plan.

Parish members are urged to attend the meeting June 16. Further information may be obtained from the Rev. Charles H. Brieant, vicar, telephone High Falls 4881, or at morning services 9 a. m. Sunday.

Hudson Grand Jury To Resume June 17

Hudson, N. Y., June 11 (AP)—The special grand jury investigating gambling and possible political corruption in Columbia county will resume its quest June 17.

The jury recessed yesterday after hearing a New York city policeman and nine persons described by investigator John Bermingham as "former numbers operators."

Patrolman Emmett Howe of New York city was in the jury room for an hour. The nature of his testimony was not disclosed. Howe's brother, the late Thomas V. Howe, was a former Hudson police chief.

The other witnesses, all of Hudson, were two bartenders, two taxicab drivers, three store owners, a machinist and a church janitor.

Changed by Earthquakes

Extensive changes in the Mississippi River Valley were made by violent earthquakes in the winter of 1811-12, including the formation of Reelfoot Lake, 14 miles long and four miles wide.

Actor Is Sued

Los Angeles, June 11 (AP)—Cowboy actor Dick Foran has been sued for divorce by Susanne Rosser Foran, 28, his third wife. She is a former actress. She alleged in her suit yesterday that Foran, 42, a former Princeton football player, forced her out of their Van Nuys home last Monday without allowing her to take her clothing or other belongings. She said he had threatened to disfigure her and take her life. Mrs. Foran asked $750 monthly alimony and estimated Foran's worth at $250,000 and his income at more than $50,000 a year.

Hail Damages Apples

Boston, June 11 (AP)—Hailstones fell on parts of New England last night, ruining an estimated 25 per cent of the apple crop in central Vermont's Addison county. Stuart Witherell, one of the region's largest growers, said the loss will run into many thousands of dollars as the big stones bruised the fruit so badly as to make it unmarketable.

Salvation Army Begins Canvassing

House to house canvassing is beginning on the drive to raise $8,000 for the Kingston Salvation Army Corps, Capt. Lloyd Davis, commanding officer, said today.

The drive, which began on May 26 in its mail and initial gift phases, has progressed slowly due to a lack of adequate numbers of volunteer workers, it was revealed by James Hanstein, general chairman, who today issued a call for persons interested in actively furthering the Salvation Army's work by participating in the fund drive to contact him or Capt. Davis.

The organization, which conducts a program of religious services and training, emergency relief, recreation and fellowship, is seeking $8,000, which represents slightly more than half the local corps' annual budget, Capt. Davis has said. The remainder of the budget is raised from what the Army terms "internal sources," including collections taken at services.

Flag Day Proclaimed

Albany, N. Y., June 11 (AP)—Gov. Dewey said today the American flag was "a symbol of our position as the principal bulwark of the free world." In a proclamation designating June 14 as "Flag Day" in New York state, Dewey also said that "The Star Spangled Banner is more than a flag, it is the symbol of our great heritage of freedom, of our ideals and responsibilities as well as our privileges."

Ancient Whale Halts Work on West Coast

Los Angeles, June 11 (AP)—A whale that swam the seas 20 million years ago brought work to an abrupt halt at an excavation site in the nearby Palos Verdes hills.

When workmen pick-axed into the monster's fossilized bones yesterday they sent for Dr. Hildegarde Howard, chief curator of science at the Los Angeles County Museum.

She identified the bones as belonging to a prehistoric whale—probably between 25 and 40 feet long. The find is interesting, she said, but not unusual for this area. A piece of the skeleton—the tympanic bulla, or inner ear—was sent to the Smithsonian Institution in Washington for study.

Rebel GOP Group Circulates Petitions

Riverhead, N. Y., June 11 (AP)—A rebel Republican group yesterday began circulating petitions urging the nomination of either Sen. Robert A. Taft or General Douglas MacArthur as GOP candidate for president.

The group is headed by Maj. George Racey Jordan, who in 1949 charged that unauthorized secret materials were shipped to Russia from a Montana air base during World War 2.

A congressional committee found no indication that his charges were true.

R. Ford Hughes, Suffolk county delegate to the Chicago convention, has said publicly that he is uncommitted as yet. But he is linked with Gov. Thomas E. Dewey, who is an ardent supporter of Gen. Dwight D. Eisenhower.

Jordan's petition scores the "me-tooism" of Dewey and labels Eisenhower "a Truman-blessed candidate who also has a me-too attitude."

All Saints to Elect Officers June 16

The All Saints Episcopal Church, Rosendale, will meet at the parish hall at 7:45 p. m. Monday, June 16, to elect two wardens and three vestrymen as required by state law and canonical regulations.

A transportation plan for Episcopalians living in the Rosendale-Tillson section who wish to attend services at All Saints is now under consideration. Those interested are asked to get in touch with any member of the parish living in their area. This should be done as soon as possible in order that the committee studying the transportation problem may know how many persons would be interested in the plan.

Parish members are urged to attend the meeting June 16. Further information may be obtained from the Rev. Charles H. Brieant, vicar, telephone High Falls 4881, or at morning services 9 a. m. Sunday.

ECONOMIC CONTROLS

Evidently we are on our way out of a period of fairly rigid economic controls, and responsible leaders both in Congress and the business world sketch out plans that would promote continuance of this trend without opening the door to ruinous inflation.

Controls on allocation of materials like rubber, lead, zinc and hides have been either lifted or relaxed. Price limits have been taken off a score of commodities, including wool and cotton, which were selling below ceilings.

Installment credit restrictions have been wiped out, and similar controls on housing credit are due to be relaxed.

In this situation, why not abolish controls altogether? The Senate recently faced that question and decided against such a course as both practically and politically unwise. Defense spending is still rising, and could push prices upward markedly. In an election year, this kind of thing would be hard to explain.

The Senate compromised with the "no controls" forces and voted an extension of the government machinery until March 1, 1953. They were helped in this action by the fact that the administration had voluntarily undertaken so many de-control measures; the feeling was widespread that in the succeeding interval the machinery will be used as sparingly as possible.

At this juncture the Committee for Economic Development, an enlightened business research group whose tone was set by Paul Hoffman, now a top adviser to General Eisenhower, has come up with a set of carefully worked-out proposals.

The C.E.D. recommends December 31, 1952, as the expiration date for controls authority. There seems to be no great reason why this earlier date should not prevail, provided that another C.E.D. plan be adopted by Congress as a safeguard.

That plans calls upon Congress to approve a joint resolution authorizing the President to impose a 90-day freeze of wages and prices whenever a sudden new inflationary crisis should arise. In this manner, believes the C.E.D., the nation would be protected against any disastrous upward spirals. In the 90-day period, Congress could consider carefully whether to re-establish regular controls machinery.

While the C.E.D.'s suggested earlier expiration date makes its program more conservative than the Senate's, the stop-gap emergency freeze proposal goes beyond congressional thinking at this moment. Regardless of the terminal date finally fixed, the 90-day freeze authority would seem to have substantial merit.

The C.E.D.'s report is useful, too, for the healthy stress it places upon other anti-inflationary devices, including a sound tax program, reduced government expenditures and expertly managed monetary and credit policies. A balance of factors is needed to combat inflation, and too often the fight in Congress narrows down to a scrap over wage and price controls.

The important thing, apparently, is to have a veritable arsenal of anti-inflation weapons handy, but not to be trigger-happy.

Alarm clocks are gadgets whose nature is to be envied. What else can ruin a perfectly good day at the outset and still remain a family fixture?

MAN AGAINST WATER

The coast line of the United States is receding a foot a year, so Rear Admiral Robert F. S. Studds, director of the Coast and Geodetic Survey, told the convention of the American Shore and Beach Preservation Association. Presumably individuals and communities affected are making some efforts, by breakwaters and other retaining walls, to fight off the encroaching waters; but evidently they are losing ground. The same report comes from the Great Lakes, which are unusually high this year, flooding beaches and causing shale cliffs to flake and drop into the water.

Chicago, Cleveland and other cities are making counter-attacks, filling in the waters along their shores and adding to the area of their communities.

Here and there this may counterbalance erosion, but in the long run man is probably not equal to Nature.

Although there are many who call this an irreligious age there are indications that men today are as concerned with affairs of the spirit as they ever were. Publishers expect the sale of the Bible and the Testaments this year to reach the 12,000,000 mark.

'These Days'

By GEORGE SOKOLSKY

BOOKKEEPING

The housewives in Marshall, Texas, followed Vivien Kellems and rejected the Treasury's insistence that they become involuntary, unpaid bookkeepers for it. A tax collector should, of course, be paid for his work, and every month, when my wife, who does such chores around here, has to devote hours without compensation, doing the work of the Internal Revenue Bureau, she wants to know why nobody pays her for it. The government should, perhaps with a mink coat, now and then.

So, I receive a note from a man who must know, who tells me that a public utility company is required to keep two sets of books. He makes the point that when President Truman assaulted the Kansas City Power and Light Company for keeping two sets of books, he, Harry Truman, did not know what he was talking about. Likely as that is, I had never heard of that particular assault, the President making so many these days, it is impossible to keep up with all of them.

But to get back to bookkeeping, a public utility company is required to keep a set of books, according to the principles of accountancy laid down by federal or state regulations, whichever regulates it. These regulations are usually spelled out in great detail and there is little chance to get around them. It also makes bookkeeping costs very expensive.

The same public utility company must keep another set of books fulfilling the requirement of the Internal Revenue Bureau for Federal income tax purposes. Here the accountancy philosophy is different and the instructions are detailed and the entire business is costly.

My correspondent suggests that if it were not so costly, a third set of books might be kept to show the stockholders what is actually happening to their investment. Perhaps if they knew, that, they might get mad enough to do something about it.

I do not know anything about accountancy, except that my accountant's figures never agre with mine and he always makes me pay more taxes than I think I ought to. He must be a friend of the Internal Revenue Bureau because I have never received a refund. That must be to prove that the accountant is right and deserving of a fee. I would like to get a refunc once, just to prove that it can be done.

For the small business man, the whole thing is a costly nuisance. I met a nurseries man on the road recently who told me that in the busy season he has to get up at 4:30 a. m. seven days a week and work into the night until there are no customers. His season is, naturally, of very short duration, mostly in the Spring when the greenthumbers come for plants.

It is pretty tough to figure profits in that kind of business, because so many of the bushes and trees are sold under peculiar circumstances and it is hard to calculate exactly what is the gain between planting a seeding and selling a four-foot bush. Yet, it all has to be figured out and many man-hours are spent at guessing.

The man with whom I was discusing the problem swore to me that he is law-abiding and rings up each sale on the cash register. It strikes me that, seeing as how it is a cash business, he might stick a few bucks each day in his pocket if he were so minded.

The danger of that is the spotter who might just show up when the cash register is avoided. I once heard of a restaurant man who gave his cashier time off between one and two, the heavy lunch hour. As he was not a profesional cashier, only an amateur, he failed to remember to hit the cash register. I never knew this fellow, but when I heard the story, it struck me that he deserved a more lofty position in our society.

All the time I meet men who earn about what I do, but they seem to get rich on it. Maybe they keep two sets of books, one for the Internal Revenue Bureau; the other in their memories. There must be a way to do this thing and be within the law, because so few ever go to jail for not paying their taxes or keeping their books as rigidly as the accountants demand.

That Body of Yours

By JAMES W. BARTON, M.D.

ADOLESCENCE

At a large convention in 1930 of welfare and life betterment workers a resolution was placed before the members to this effect: "Be it resolved that the adolescents or youths of today are less obedient, less respectful to their elders, than in previous years." As the vote was being taken, the presiding officer stated that he wished to inform the members that the date of the resolution was 1830, just one hundred years previous to the convention.

In The Journal of Pediatrics (children's diseases), Dr. T. B. Gallagher stresses the period of adolescence and emphasizes that parents and teachers must consider the importance of this phase of development. Premature or late appearance of sexual characteristics must be taken into consideration when they occur. Mental disorders may appear to be more severe in adolescence than in adults, yet the prognosis (probable outcome) is usually very good. School failure during adolescence may occur and there are many causes—anemia, headaches, conflict of interests, lack of friends, defective eyesight, lack of vitamins. Athletics are an important outlet for excess energy and here the adolescent learns the give and take of victory or loss.

Dr. Gallagher points out further that allowing a boy with heart disease or diabetes to play goal in hockey, soccer or lacrosse, instead of one of the more active positions (which tax the heart heavily) reassures him that he can take his place amnog his friends and schoolmates.

There are many older folk who look upon adolescents as a species of wild animal whose behavior is beyond their understanding. Dr. Gallagher suggests that this lack of understanding of adolescents may be overcome if one learns about behavior attitudes, needs and the psychology or working processes of these still growing boys and girls. "Adolescents are people, not problems. They are changing into adults."

In adolescence, athletics do a wonderful, all-around work. The using up of surplus energy means physically a good appetite, good digestion, freedom from constipation. Mentally, it means the making of quick decisions and emotionally it develops unselfishness, control of temper, and stick-toitiveness in the face of defeat.

The Washington Merry-Go-Round

By DREW PEARSON

Washington—It looks like Herbert Hoover, ex-President of the United States, is not nearly as influential with Congress as Pan American Airways.

The two had a show of strength the other day, and Hoover came out second best. In fact, Pan American's powerful lobby even persuaded a committee of Congress to reverse itself.

As a result, the airline stands to profit $17,000,000 a year. Hoover was trying to save this for the taxpayers.

Two years ago, the House Interstate and Foreign Commerce Committee voted 15 to 2 against Pan Am, and decided to differentiate between government subsidies and airmail pay instead of lumping them together. Last month, the same committee did an about-face and voted 16 to 1 for Pan Am on identically the same question.

The vote was taken in strict secrecy, and even the hearings were closed to the press and public with one exception—an Air Transport Association lobbyist was the only outsider admitted. Even Herbert Hoover's efficiency representatives, who are striving to streamline the government, were kept cooling their heels outside. Yet ATA, which is largely dominated by Pan Am, managed to slip a lobbyist inside.

The story of how this was done is one of the most amazing on Capitol Hill. Thanks to the Pan Am lobby, not only the committee but a powerful labor union and two great newspapers reversed themselves.

The nub of the issue is whether the Post Office should base its mail pay to Pan Am and other international airlines on actual cost or an inflated postal rate. Pan Am favors the arbitrary postal rate which, according to the latest Post Office figures, would have paid Pan Am $25,227,000 for hauling the mails in 1950. Under a cost-plus system, Pan Am would have received only $8,018,000. The difference is a fat $17,209,000.

How the Lobby Worked

The cost-plus bill was introduced in 1949 by two Massachusetts congressmen — John Kennedy, Democrat, and John Heselton, Republican. After it passed the House committee, the Pan Am lobby got busy. It pulled strings in the Senate with GOP Senator Owen Brewster of Maine and Brien McMahon of Connecticut plus Ed Johnson of Colorado, both Democrats. They were able to stymie the bill.

But the Hoover Commission managed to get the same bill reintroduced this year. What has happened since is probably the neatest example of backstage wire pulling in House history. Here is the inside story, point-by-point:

1. The Pan Am lobby started off by throwing a party for the House committee on February 5 at the fashionable Belle Haven Country Club in suburban Virginia. Most of the committee members showed up for the shindig, though it was carefully kept out of the press.

2. Pan Am Vice President J. Carroll Cone paid the tab for Congressman and Mrs. Oren Harris of Arkansas at the $100-a-plate Jefferson-Jackson Day Dinner on March 29. Two months later, the same Congressman Harris made the motion to adopt the Pan Am bill.

Influencing Labor

3. George Harrison, powerful head of the Brotherhood of Railway Clerks, wrote to members of the House Committee on December 4, 1950, urging them to adopt the Kennedy-Heselton Bill, opposed by Pan Am Airways. Last month, the Brotherhood of Railway Clerks signed a contract with Pan Am to represent the airline's traffic workers.

Two weeks after the contract was signed, Harrison flew to Washington, arriving at 4 p. m. on May 22, and urged key committee members to support the Pan Am bill.

The union's official lobbyist, Hartman Barber, blandly denied to this column that the union was taking such a position—though he personally buttonholed committee members in behalf of Pan American Airways.

Influencing the Press

4. On December 13, 1950, and September 26, 1951, the Washington Daily News editorially endorsed the Kennedy-Heselton Bill. But on May 19, just before the crucial committee vote, The Daily News reversed itself, and came out for Pan Am.

All three editorials were written by Editor John T. O'Rourke, who recently returned from a junket to London and Paris along with 20 other newsmen.

O'Rourke insisted to this column that there was no connection beetween his Pan Am trip and his May 19 editorial. He explained his basic position was unchanged, but he wanted to be sure Pan Am was able to meet foreign competition. He didn't realize, he said, that the Pan Am-approved measure would still, in effect, conceal the true subsidies from the taxpayers. He wanted to look into the issue further, he said.

On August 3, 1949, and July 29, 1950, the New York Times also supported the Kennedy-Heselton measure, against Pan Am. But on May 12, during the secret House hearings, the Times switched. The interesting fact is that the May 12 editorial was written by Reginald Cleveland, a member of the advertising staff, who handles airline advertisements.

When queried, Cleveland insisted stoutly that the Pan Am position was correct.

The Washington Daily News and New York Times are the only leading dailies that have come out editorially in favor of the Pan Am bill. Hundreds of editorials have been written on the other side.

Influencing the Politicians

The chairman of the House committee, Congressman Robert Crosser of Cleveland, Ohio, has always backed the Kennedy-Heselton bill. He also has always bucked the Cleveland Democratic machine, headed by boss Ray Miller. But this year for the first time Crosser had Miller's support and squeaked through the Democratic primary by a narrow 2,600-vote victory. Just before the crucial mail pay vote, boss Miller flew to Washington and pleaded with Crosser to support the Pan Am bill. This column telephoned Miller to ask him why a Cleveland politician should be so interested in Pan Am, which doesn't fly within a thousand miles of Cleveland.

"I don't talk to newspapermen I don't know, particularly over the phone," barked Miller. It was explained that he was only being given the courtesy of comment.

"You better be careful what you write about me," growled Miller. "Remember, there are libel laws."

On the final, secret roll call, Crosser didn't vote. Only Heselton voted against the Pan Am bill. Kennedy not being a member of the committee. Those who voted with Pan Am were Congressmen Priest of Tennessee, Harris of Arkansas, Rogers of Florida, Klein of New York, McGuire of Connecticut, Williams of Mississippi, Thornberry of New Jersey, Hinshaw of California, Hall of New York, O'Hara of Minnesota, Hale of Maine, Hoffman of Illinois and Chenoweth of Colorado, Republicans.

McGuire explained privately that his switch was the result of pressure from Senator McMahon, who is a close friend of Pan Am's vice president, Sam Pryor, and has taken free rides on Pan Am's private planes. McGuire hoped to be a delegate to the Democratic convention, he said, but couldn't swing it without McMahon's support.

The victor was Pan Am, the loser the taxpayers.

Today in Europe

Psychological Problems Are Uppermost in Matters Affecting Running of Italy

By DAVID LAWRENCE

Rome, June 11—Maybe there are folks back in the United States who think that running a European country, keeping its economy in balance, avoiding unemployment and restraining the ever-present Communist party from taking over the government is a simple matter that requires only the giving away of a few more American dollars. But that isn't the case here at all.

Talking with Alcide De Gasperi, premier of the Italian government, this correspondent got a picture of the various problems that confront this country and noted that first and foremost were those which might be called "psychological." This, of course, is related to political and economic stability but it can best be described as reviving and sustaining the "morale" of the people.

For Italy has had Mussolini and the Fascists, who squelched democracy for more than 20 years of iron rule, and Italy has seen her railroads, her bridges, her factories and tens of thousands of homes ruined by bombs, first from the allies and. later from the planes of the retreating Germans.

How does one go about rebuilding such a nation and giving it the liberties of a republic under a constitution? Who are the experts—in America or elsewhere—who can say just what is the right dose of financial aid and what is the right contribution of political support? And when a constitutional democracy is set up, what does one do about the old-time Fascists who arise to stab in the back the very government which has been and is administering to the Communists their most severe defeats in Europe?

American economic aid has, of course, been a lifesaver, Premier De Gasperi is grateful, and he rarely makes a public speech that he doesn't mention the gratitude of Italy for what the United States has done. But the emphasis here is more on the moral support given by America now, for the aid has dwindled to about $167,000,000 a year, though the total postwar help of all kinds has been around $2,000,000,000.

What the premier would like is to be able to say publicly that not another dollar of American financial grants is necessary. He would rather see a normal economy established, with the customary channels of trade in operation, than to see grants continued and an unsound situation perpetuated. How can this be done? The answers are readily given, but the solutions are not palatable to American political interests.

Thus, the Italian government faces an unemployment of about 2,000,000—just enough to give the Fascists and Communists the campaign ammunition they need for agitation—and a balance sheet on trade which shows that Italy is producing more goods than she can sell abroad because of tariff barriers. The American tariff has its justifications up to a point, but it certainly raises a question as to whether it is better for American firms in some isolated lines to have a bit lower duty to compete with, or whether it is better for conditions to be created abroad which must eventually disintegrate these free nations and force them into the hands of Communist Russia, with all the military armament and possible war that is implied in the long run.

Italy not only cannot export goods as it desires but it cannot even export people. It has an excess of population, and in the old days sent out about 400,000 emigrants a year. Now the number is around 150,000. Many Italians are ready to join their kinfolk overseas and, while it is realized that the United States permits only limited quotas to enter, there are other places in the world ready to receive new population. But here, too, restrictive conditions are encountered and international agencies would do well to study what can be done to alleviate this problem.

Then, there's the question of compromise with Tito over Trieste, the failure to settle which has given the Fascists a powerful issue for agitation.

American policy from an economic standpoint has on the whole been well carried out, but an example of how little the problems here are understood back home is the criticism voiced in Washington over the building of the new railroad station in Rome. It cost about $5,000,000, paid for out of Italian funds. It is probably the most artistic railroad station in all Europe. In America it might have been criticized as too luxurious. But the purpose behind it was sound. The Italians are impressed by art and beauty and, since this station sees more of the traveling public than any other rail terminal in the country, it was a psychological move that helped convince a frustrated and worried people that normal times are coming back and that the nation can build as many fine things under a republic as were built under Mussolini.

The problem of Premier De Gasperi is back breaking. The success of the Fascists in the recent elections merely emphasizes that, with the totalitarian influences moving in from both the right and the left, the center party will need the moral support of every freedom-loving element in this country and abroad. The outlook is far from pessimistic, but the job is a long, uphill pull, and it's going to require infinite patience both here and in the United States.

AS PEGLER SEES IT

By WESTBROOK PEGLER

After persistent inquiry, I have received from Tom Blake, the publicity man for Senator Richard Russell, of Georgia, an answer to the question whether Russell would support a Democratic candidate for president who commits himself to the enactment of a compulsory fair employment practise law and to the other elements of the so-called Civil Rights program.

The answer is that Senator Russell will support the Democratic ticket, including a candidate who demands FEPC, the anti-lynching law, abolition of the poll-tax in the few states which retain it, and the creation of a vast new federal bureaucracy spread all over the states to harass the people and devour taxes in the enforcement of these unconstitutional coercions.

Mr. Blake telephoned after I had failed to elicit a frank answer from Hugh Peterson, also of the publicity office in Washington, who insisted that such a question was not fair.

Mr. Blake not only thought the questions was fair but said Senator Russell's position was this:

"We are all fighting for certain ideas and if we get licked by a majority vote we don't pull out; we don't quit and we don't lie down. We stay in our group, whether it is a family or a party and still fight for our same ideas."

Elaborating, Mr. Blake said that if Russell should fail of nomination he must remain in the Democratic party in order to continue the fight. As a senator, he would be in a position to fight against all proposals to enact the civil rights fake.

I said this answered the question but disagreed with his course because the civil rights program would be fatal to certain important phases of the Constitution and a man of Senator Russell's convictions could not consistently support any presidential candidate who favored these heresies.

Blake replied that many of us, including Al Smith, had thought that the 18th Amendment was unconstitutional but that Smith and many other Democrats had not quit the party. My answer was that we had gone far down the road since then and that the civil rights program was much more dangerous than prohibition ever had been.

It is a strange argument, I know, that an amendment to the Constitution, adopted by constitutional methods, could be unconstitutional but we all know now that the proposition that a majority of the people or the government to break into the

ECONOMIC CONTROLS

Evidently we are on our way out of a period of fairly rigid economic controls, and responsible leaders both in Congress and the business world sketch out plans that would promote continuance of this trend without opening the door to ruinous inflation.

Controls on allocation of materials like rubber, lead, zinc and hides have been either lifted or relaxed. Price limits have been taken off a score of commodities, including wool and cotton, which were selling below ceilings.

Installment credit restrictions have been wiped out, and similar controls on housing credit are due to be relaxed.

In this situation, why not abolish controls altogether? The Senate recently faced that question and decided against such a course as both practically and politically unwise. Defense spending is still rising, and could push prices upward markedly. In an election year, this kind of thing would be hard to explain.

The Senate compromised with the "no controls" forces and voted an extension of the government machinery until March 1, 1953. They were helped in this action by the fact that the administration had voluntarily undertaken so many de-control measures; the feeling was widespread that in the succeeding interval the machinery will be used as sparingly as possible.

At this juncture the Committee for Economic Development, an enlightened business research group whose tone was set by Paul Hoffman, now a top adviser to General Eisenhower, has come up with a set of carefully worked-out proposals.

The C.E.D. recommends December 31, 1952, as the expiration date for controls authority. There seems to be no great reason why this earlier date should not prevail, provided that another C.E.D. plan be adopted by Congress as a safeguard.

That plans calls upon Congress to approve a joint resolution authorizing the President to impose a 90-day freeze of wages and prices whenever a sudden new inflationary crisis should arise. In this manner, believes the C.E.D., the nation would be protected against any disastrous upward spirals. In the 90-day period, Congress could consider carefully whether to re-establish regular controls machinery.

While the C.E.D.'s suggested earlier expiration date makes its program more conservative than the Senate's, the stop-gap emergency freeze proposal goes beyond congressional thinking at this moment. Regardless of the terminal date finally fixed, the 90-day freeze authority would seem to have substantial merit.

The C.E.D.'s report is useful, too, for the healthy stress it places upon other anti-inflationary devices, including a sound tax program, reduced government expenditures and expertly managed monetary and credit policies. A balance of factors is needed to combat inflation, and too often the fight in Congress narrows down to a scrap over wage and price controls.

The important thing, apparently, is to have a veritable arsenal of anti-inflation weapons handy, but not to be trigger-happy.

Alarm clocks are gadgets whose nature is to be envied. What else can ruin a perfectly good day at the outset and still remain a family fixture?

MAN AGAINST WATER

The coast line of the United States is receding a foot a year, so Rear Admiral Robert F. S. Studds, director of the Coast and Geodetic Survey, told the convention of the American Shore and Beach Preservation Association. Presumably individuals and communities affected are making some efforts, by breakwaters and other retaining walls, to fight off the encroaching waters; but evidently they are losing ground. The same report comes from the Great Lakes, which are unusually high this year, flooding beaches and causing shale cliffs to flake and drop into the water.

Chicago, Cleveland and other cities are making counter-attacks, filling in the waters along their shores and adding to the area of their communities.

Here and there this may counterbalance erosion, but in the long run man is probably not equal to Nature.

Although there are many who call this an irreligious age there are indications that men today are as concerned with affairs of the spirit as they ever were. Publishers expect the sale of the Bible and the Testaments this year to reach the 12,000,000 mark.

BOOKKEEPING

The housewives in Marshall, Texas, followed Vivien Kellems and rejected the Treasury's insistence that they become involuntary, unpaid bookkeepers for it. A tax collector should, of course, be paid for his work, and every month, when my wife, who does such chores around here, has to devote hours without compensation, doing the work of the Internal Revenue Bureau, she wants to know why nobody pays her for it. The government should, perhaps with a mink coat, now and then.

So, I receive a note from a man who must know, who tells me that a public utility company is required to keep two sets of books. He makes the point that when President Truman assaulted the Kansas City Power and Light Company for keeping two sets of books, he, Harry Truman, did not know what he was talking about. Likely as that is, I had never heard of that particular assault, the President making so many these days, it is impossible to keep up with all of them.

But to get back to bookkeeping, a public utility company is required to keep a set of books, according to the principles of accountancy laid down by federal or state regulations, whichever regulates it. These regulations are usually spelled out in great detail and there is little chance to get around them. It also makes bookkeeping costs very expensive.

The same public utility company must keep another set of books fulfilling the requirement of the Internal Revenue Bureau for Federal income tax purposes. Here the accountancy philosophy is different and the instructions are detailed and the entire business is costly.

My correspondent suggests that if it were not so costly, a third set of books might be kept to show the stockholders what is actually happening to their investment. Perhaps if they knew, that, they might get mad enough to do something about it.

I do not know anything about accountancy, except that my accountant's figures never agre with mine and he always makes me pay more taxes than I think I ought to. He must be a friend of the Internal Revenue Bureau because I have never received a refund. That must be to prove that the accountant is right and deserving of a fee. I would like to get a refunc once, just to prove that it can be done.

For the small business man, the whole thing is a costly nuisance. I met a nurseries man on the road recently who told me that in the busy season he has to get up at 4:30 a. m. seven days a week and work into the night until there are no customers. His season is, naturally, of very short duration, mostly in the Spring when the green-thumbers come for plants.

It is pretty tough to figure profits in that kind of business, because so many of the bushes and trees are sold under peculiar circumstances and it is hard to calculate exactly what is the gain between planting a seeding and selling a four-foot bush. Yet, it all has to be figured out and many man-hours are spent at guessing.

The man with whom I was discusing the problem swore to me that he is law-abiding and rings up each sale on the cash register. It strikes me that, seeing as how it is a cash business, he might stick a few bucks each day in his pocket if he were so minded.

The danger of that is the spotter who might just show up when the cash register is avoided. I once heard of a restaurant man who gave his cashier time off between one and two, the heavy lunch hour. As he was not a profesional cashier, only an amateur, he failed to remember to hit the cash register. I never knew this fellow, but when I heard the story, it struck me that he deserved a more lofty position in our society.

All the time I meet men who earn about what I do, but they seem to get rich on it. Maybe they keep two sets of books, one for the Internal Revenue Bureau; the other in their memories. There must be a way to do this thing and be within the law, because so few ever go to jail for not paying their taxes or keeping their books as rigidly as the accountants demand.

ADOLESCENCE

At a large convention in 1930 of welfare and life betterment workers a resolution was placed before the members to this effect: "Be it resolved that the adolescents or youths of today are less obedient, less respectful to their elders, than in previous years." As the vote was being taken, the presiding officer stated that he wished to inform the members that the date of the resolution was 1830, just one hundred years previous to the convention.

In The Journal of Pediatrics (children's diseases), Dr. T. B. Gallagher stresses the period of adolescence and emphasizes that parents and teachers must consider the importance of this phase of development. Premature or late appearance of sexual characteristics must be taken into consideration when they occur. Mental disorders may appear to be more severe in adolescence than in adults, yet the prognosis (probable outcome) is usually very good. School failure during adolescence may occur and there are many causes—anemia, headaches, conflict of interests, lack of friends, defective eyesight, lack of vitamins. Athletics are an important outlet for excess energy and here the adolescent learns the give and take of victory or loss.

Dr. Gallagher points out further that allowing a boy with heart disease or diabetes to play goal in hockey, soccer or lacrosse, instead of one of the more active positions (which tax the heart heavily) reassures him that he can take his place amnog his friends and schoolmates.

There are many older folk who look upon adolescents as a species of wild animal whose behavior is beyond their understanding. Dr. Gallagher suggests that this lack of understanding of adolescents may be overcome if one learns about behavior attitudes, needs and the psychology or working processes of these still growing boys and girls. O'Rourke insisted to this column that there was no connection beetween his Pan Am trip and his May 19 editorial. He explained his basic position was unchanged, but he wanted to be sure Pan Am was able to meet foreign competition. He didn't realize, he said, that the Pan Am-approved measure would still, in effect, conceal the true subsidies from the taxpayers. He wanted to look into the issue further, he said.

On August 3, 1949, and July 29, 1950, the New York Times also supported the Kennedy-Heselton measure, against Pan Am. But on May 12, during the secret House hearings, the Times switched. The interesting fact is that the May 12 editorial was written by Reginald Cleveland, a member of the advertising staff, who handles airline advertisements.

When queried, Cleveland insisted stoutly that the Pan Am position was correct.

The Washington Daily News and New York Times are the only leading dailies that have come out editorially in favor of the Pan Am bill. Hundreds of editorials have been written on the other side.

Influencing the Politicians

The chairman of the House committee, Congressman Robert Crosser of Cleveland, Ohio, has always backed the Kennedy-Heselton bill. He also has always bucked the Cleveland Democratic machine, headed by boss Ray Miller. But this year for the first time Crosser had Miller's support and squeaked through the Democratic primary by a narrow 2,600-vote victory. Just before the crucial mail pay vote, boss Miller flew to Washington and pleaded with Crosser to support the Pan Am bill. This column telephoned Miller to ask him why a Cleveland politician should be so interested in Pan Am, which doesn't fly within a thousand miles of Cleveland.

"I don't talk to newspapermen I don't know, particularly over the phone," barked Miller. It was explained that he was only being given the courtesy of comment.

"You better be careful what you write about me," growled Miller. "Remember, there are libel laws."

On the final, secret roll call, Crosser didn't vote. Only Heselton voted against the Pan Am bill. Kennedy not being a member of the committee. Those who voted with Pan Am were Congressmen Priest of Tennessee, Harris of Arkansas, Rogers of Florida, Klein of New York, McGuire of Connecticut, Williams of Mississippi, Thornberry of New Jersey, Hinshaw of California, Hall of New York, O'Hara of Minnesota, Hale of Maine, Hoffman of Illinois and Chenoweth of Colorado, Republicans.

McGuire explained privately that his switch was the result of pressure from Senator McMahon, who is a close friend of Pan Am's vice president, Sam Pryor, and has taken free rides on Pan Am's private planes. McGuire hoped to be a delegate to the Democratic convention, he said, but couldn't swing it without McMahon's support.

The victor was Pan Am, the loser the taxpayers.

Today in Europe

Psychological Problems Are Uppermost in Matters Affecting Running of Italy

By DAVID LAWRENCE

Rome, June 11—Maybe there are folks back in the United States who think that running a European country, keeping its economy in balance, avoiding unemployment and restraining the ever-present Communist party from taking over the government is a simple matter that requires only the giving away of a few more American dollars. But that isn't the case here at all.

Talking with Alcide De Gasperi, premier of the Italian government, this correspondent got a picture of the various problems that confront this country and noted that first and foremost were those which might be called "psychological." This, of course, is related to political and economic stability but it can best be described as reviving and sustaining the "morale" of the people.

For Italy has had Mussolini and the Fascists, who squelched democracy for more than 20 years of iron rule, and Italy has seen her railroads, her bridges, her factories and tens of thousands of homes ruined by bombs, first from the allies and, later from the planes of the retreating Germans.

How does one go about rebuilding such a nation and giving it the liberties of a republic under a constitution? Who are the experts—in America or elsewhere—who can say just what is the right dose of financial aid and what is the right contribution of political support? And when a constitutional democracy is set up, what does one do about the old-time Fascists who arise to stab in the back the very government which has been and is administering to the Communists their most severe defeats in Europe?

American economic aid has, of course, been a lifesaver, Premier De Gasperi is grateful, and he rarely makes a public speech that he doesn't mention the gratitude of Italy for what the United States has done. But the emphasis here is more on the moral support given by America now, for the aid has dwindled to about $167,000,000 a year, though the total postwar help of all kinds has been around $2,000,000,000.

What the premier would like is to be able to say publicly that not another dollar of American financial grants is necessary. He would rather see a normal economy established, with the customary channels of trade in operation, than to see grants continued and an unsound situation perpetuated. How can this be done? The answers are readily given, but the solutions are not palatable to American political interests.

Thus, the Italian government faces an unemployment of about 2,000,000—just enough to give the Fascists and Communists the campaign ammunition they need for agitation—and a balance sheet on trade which shows that Italy is producing more goods than she can sell abroad because of tariff barriers. The American tariff has its justifications up to a point, but it certainly raises a question as to whether it is better for American firms in some isolated lines to have a bit lower duty to compete with, or whether it is better for conditions to be created abroad which must eventually disintegrate these free nations and force them into the hands of Communist Russia, with all the military armament and possible war that is implied in the long run.

Italy not only cannot export goods as it desires but it cannot even export people. It has an excess of population, and in the old days sent out about 400,000 emigrants a year. Now the number is around 150,000. Many Italians are ready to join their kinfolk overseas and, while it is realized that the United States permits only limited quotas to enter, there are other places in the world ready to receive new population. But here, too, restrictive conditions are encountered and international agencies would do well to study what can be done to alleviate this problem.

Then, there's the question of compromise with Tito over Trieste, the failure to settle which has given the Fascists a powerful issue for agitation.

American policy from an economic standpoint has on the whole been well carried out, but an example of how little the problems here are understood back home is the criticism voiced in Washington over the building of the new railroad station in Rome. It cost about $5,000,000, paid for out of Italian funds. It is probably the most artistic railroad station in all Europe. In America it might have been criticized as too luxurious. But the purpose behind it was sound. The Italians are impressed by art and beauty and, since this station sees more of the traveling public than any other rail terminal in the country, it was a psychological move that helped convince a frustrated and worried people that normal times are coming back and that the nation can build as many fine things under a republic as were built under Mussolini.

The problem of Premier De Gasperi is back breaking. The success of the Fascists in the recent elections merely emphasizes that, with the totalitarian influences moving in from both the right and the left, the center party will need the moral support of every freedom-loving element in this country and abroad. The outlook is far from pessimistic, but the job is a long, uphill pull, and it's going to require infinite patience both here and in the United States.

AS PEGLER SEES IT

By WESTBROOK PEGLER

After persistent inquiry, I have received from Tom Blake, the publicity man for Senator Richard Russell, of Georgia, an answer to the question whether Russell would support a Democratic candidate for president who commits himself to the enactment of a compulsory fair employment practise law and to the other elements of the so-called Civil Rights program.

The answer is that Senator Russell will support the Democratic ticket, including a candidate who demands FEPC, the anti-lynching law, abolition of the poll-tax in the few states which retain it, and the creation of a vast new federal bureaucracy spread all over the states to harass the people and devour taxes in the enforcement of these unconstitutional coercions.

Mr. Blake telephoned after I had failed to elicit a frank answer from Hugh Peterson, also of the publicity office in Washington, who insisted that such a question was not fair.

Mr. Blake not only thought the questions was fair but said Senator Russell's position was this:

"We are all fighting for certain ideas and if we get licked by a majority vote we don't pull out; we don't quit and we don't lie down. We stay in our group, whether it is a family or a party and still fight for our same ideas."

Elaborating, Mr. Blake said that if Russell should fail of nomination he must remain in the Democratic party in order to continue the fight. As a senator, he would be in a position to fight against all proposals to enact the civil rights fake.

I said this answered the question but disagreed with his course because the civil rights program would be fatal to certain important phases of the Constitution and a man of Senator Russell's convictions could not consistently support any presidential candidate who favored these heresies.

Blake replied that many of us, including Al Smith, had thought that the 18th Amendment was unconstitutional but that Smith and many other Democrats had not quit the party. My answer was that we had gone far down the road since then and that the civil rights program was much more dangerous than prohibition ever had been.

It is a strange argument, I know, that an amendment to the Constitution, adopted by constitutional methods, could be unconstitutional but we all know now that the proposition that a majority of the people or the government to break into the

Lions to Install Robert Teetsel

Robert E. Teetsel will be installed as president of the Kingston Lions Club at a meeting tonight (Wednesday) at Svirsky's Esopus Lake Hotel. He succeeds Alwin Feuerstein, who at the Lions state convention at Syracuse was elected district governor and chairman of the Lions state council for the coming year.

The present district governor, Edward Light, Sr., will be the installing officer. He will be accompanied by Paul Patchin, international counselor.

Other local officers to be installed tonight include William Stall, first vice president; Lawrence M. Jenson, second vice president; Harry Gold, third vice president; Joseph A. Fassbender, treasurer; Elbert D. Ackerman, secretary, and Matthias M. Richardson, financial secretary.

Ladies to Attend

The program will be a ladies' night affair.

The club's regular Tuesday noon meeting this week was held at the George Washington School. Following a dinner served in the school cafeteria, the members were taken on a tour of the school, conducted by its principal, Ambrose Boyd. Alwin Feuerstein, presiding at his last weekly meeting as president, announced that the board of directors on Monday night approved a $1,000 donation to the Ulster County Cerebral Palsy clinic and $100 to the Kingston Boys Club.

Jacoby on Canasta

KNOW FOE AND IMPROVE GAME

By OSWALD JACOBY
Written for NEA Service

In my last column I took up the problem of knowing when the opponents were getting ready to meld out. I wandered off into a discussion of reading the minds of the enemy, but perhaps I can get back to the original problem today.

Sometimes you can tell that the opponents are nearly ready to meld out even before either of them has made a single meld. Suppose, for example, that the opponents need 90 points for their initial meld. In the first six rounds of play they each discard two kings, two queens, one ten, and a nine.

This is a very ominous series of discards. It seems that each has discarded unwanted cards, and there is a fair chance that each opponent has no further kings, queens, tens, or nines. If so, they must surely have a good match with the cards that they do hold.

It doesn't take long for two matching hands to meld out. Sooner or later one of the players makes his initial meld (not too difficult when 90 points is the required count), and his partner may be able to make a canasta and meld out at his very next play.

When the opponents match their discards too perfectly, therefore, you watch your step. Don't hold too much in your hand, or you will get caught.

Let's take another situation. The pack is born frozen, and each player makes a few cautious discards. Suddenly one of the opponents melds six cards from his hand and makes an obviously unsafe discard. What has happened?

That opponent has decided to play for out instead of for the pile. You may be sure that his remaining five cards give him a good play for out. He may need a little help from his partner in completing a canasta, or perhaps a favorable draw will be enough. If your opponent has good judgment, he is very close to out; and it is time for you to begin unloading.

Q—How many canastas do you need to meld out in three-handed Canasta?

A—The game is played in several ways. Most people play the game in which only one canasta is needed. Incidentally, there is a fascinating new way to play three-handed Canasta. I'm planning to describe it fully in a series of articles beginning next week.

Mr. Jacoby is unable to answer individual questions on Canasta from readers. However, he will include the most frequently asked questions in his column.

What is the measure of a man? No doubt there are many different standards of value, but we submit two units of measurement the application of which will at least reveal fundamental values:

It is quite possible he wears old clothes, and the banker is not well acquainted with his signature, but if you see his children with their noses flattened against the window watching for him to come home to supper—he'll do.

Jim—I'd like to buy that cake in the window.

Tim—There's no need for that. They'll sell it to you over the counter.

Success is counted sweetest by those who ne'er succeed.—Dickinson.

As the 1864 election approached, someone told President Lincoln that the only thing that could defeat him for re-election would be Grant's capture of Richmond, followed by Grant's nomination and acceptance.

"Well," replied Mr. Lincoln, "I feel very much like the man who said he didn't want to die, particularly, but if he had got to die, that was precisely the disease he would like to die of."

A man who has money to burn nearly always meets his match.

Sweet young wife—Now over in this corner we'll have a loveseat—over there, we'll have a loveseat, and here by the fireplace we'll have another loveseat."

Decorator—My word, do you call this a living room?

Young wife—Why, of course—if that isn't living, I don't know what is!

What is the measure of a man? No doubt there are many different standards of value, but we submit two units of measurement the application of which will at least reveal fundamental values:

It is quite possible he wears old clothes, and the banker is not well acquainted with his signature, but if you see his children with their noses flattened against the window watching for him to come home to supper—he'll do.

Jim—I'd like to buy that cake in the window.

Tim—There's no need for that. They'll sell it to you over the counter.

Success is counted sweetest by those who ne'er succeed.—Dickinson.

As the 1864 election approached, someone told President Lincoln that the only thing that could defeat him for re-election would be Grant's capture of Richmond, followed by Grant's nomination and acceptance.

"Well," replied Mr. Lincoln, "I feel very much like the man who said he didn't want to die, particularly, but if he had got to die, that was precisely the disease he would like to die of."

A man who has money to burn nearly always meets his match.

Sweet young wife—Now over in this corner we'll have a loveseat—over there, we'll have a loveseat, and here by the fireplace we'll have another loveseat."

Decorator—My word, do you call this a living room?

Young wife—Why, of course—if that isn't living, I don't know what is!

It's an ill wind that shows no pretty knees.

Time is the most valuable thing people have — and how they do waste it!

AMA Says Care Of Poor Demands National Methods

Chicago, June 11 (AP)—Dr. Louis H. Bauer, new president of the American Medical Association, says methods must be found for medical care of the poor in all parts of this country.

The AMA is studying various means of doing it, the Hempstead, N. Y., physician said last night in an inaugural address broadcast nationally (ABC and Mutual).

Dr. Bauer declared that voluntary health insurance "has become the fastest growing insurance project in history and is providing a sound means for prepayment of the major costs of illness."

Defects and gaps in such programs will be eliminated, he said.

"We have the world's highest standards of medical care," he added. "This type of service must reach the entire population."

The AMA, he said, has "won a breathing spell in its fight to preserve its freedom" by opposing compulsory health insurance plans. Any plan supported by taking the public and with rules "written by government bureaucrats, who also determine the fees for services rendered, is socialized medicine."

Group, Family Fares Announced by Rails

New York, June 11 (AP)—New group and family economy fares, effective June 25 for the summer vacation season, were announced yesterday by 14 eastern railroads.

Features are a general flat 25 per cent saving for three or more adults traveling together, and for two adults traveling with two children of half-fare age.

The group fare applies, with some exceptions, to round-trip coach tickets between points more than 100 miles apart.

Among the exceptions are New York-Washington trips on the Pennsylvania and Baltimore and Ohio railroads. A spokesman for the eastern railroads declined to specify other exceptions, saying they involved "individual railroad problems."

Also, all 14 railroads now will have the summertime family fare plan, recently announced by the New York Central system and several other lines. Under this plan, children under 12 travel free and those under 16 are charged half-fare when accompanied by a parent paying the regular round-trip coach fare. The normal charge is half-fare for children 5 or over and full fare for those 12 or over.

The two economy plans, effective June 25 to Oct. 22, were instituted by these railroads: Baltimore and Ohio, Central Railroad of New Jersey, Chesapeake and Ohio; Chicago, Indianapolis and Louisville; Delaware, Lackawanna and Western; Erie, Grand Trunk System, Lehigh Valley; New York Central; New York, Chicago and St. Louis; Pennsylvania; Pittsburgh and Lake Erie; Reading and Wabash.

Col. Vetort Tells Of First MIG Kill

The story of how Lt. Col. Francis Vetort, 125 Harding avenue, this city, claimed his first MIG has been released by the headquarters of the Fifth Air Force, Korea.

Col. Vetort made his first kill on May 31, as reported in The Freeman, in a 15-minute air battle south of Sinuiju, North Korea.

Describing his battle with the Red jet fighter, Col. Vetort said: "My flight of four F-86s was flying just south of Sinuiju and I spotted six MIGs in formation below us. They had their wing tanks on and when we dove in behind them and started firing, they dropped their tanks—in a hurry.

"On my first pass I had scored hits on the MIG I had picked out and came back at him again. He tried all sorts of evasive maneuvers, but I stuck to him and finally set fire to the left side of his fuselage. Then his whole tail end caught fire and he dived straight into the ground from about 2,000 feet.

"By that time, three of the other MIGs had gotten on my tail and were firing at me, so I broke hard and got out of there fast."

Burial will be in Calvary Cemetery, Poughkeepsie. Friends may call at the chapel Wednesday and Thursday from 2 to 4 and 7 to 9 p. m.

City Still Has Dumping Problem

Indications this afternoon were that the city still had a dumping problem on its hands.

A delegation from the Fourth Ward incensed at yesterday's announcement, that a section near Devil's Lake would be used called at the city hall today in protest.

Mayor Oscar V. Newkirk said that he had received permission from Terry Brothers to use their land in the vicinity of the lake.

The mayor made the announcement after residents in the neighborhood off Pine Grove avenue held a protest meeting and threatened to get an injunction to stop dumping rubbish and combustibles in the area of South Sterling and Valley streets.

This site used for years as a city dump was closed after the meeting attended by approximately 50 people and Attorney William Kaercher.

It was then that Mayor Newkirk announced he had procured the Terry property on First avenue, within the city limits, near the lake.

Ernest A. Steuding, superintendent of the Department of Public Works, said he intended to confer with officials of Terry Brothers this afternoon.

It was said that announcement of the new dumping area started appeals to Terrys to revoke its permission for use of the land.

War Department Engineers Make Survey of Creek

A group of U. S. War Department engineers began a survey of an area approximately two miles long and 150 feet wide in Rondout creek early this afternoon.

C. Peters, one of the engineers, explained that they were here "to make a preliminary survey of the harbor to detect shoaling." The survey is being made because of war contracts at shipyards in Rondout creek.

Peters demonstrated the operation of a new $10,000 machine which makes 300 soundings a minute and records them on a graph. He said that before this machine was placed in operation it took 16 men two months to sound the river channel from Hudson to Albany. He explained that it now requires four men only three days to do the same job.

They expect to complete the survey this afternoon, it was said.

Anyway, They Investigated

Norwich, England, June 11 (AP) —The death certificate received by the commanding officer of a British army detachment said 19-year-old Anthony Rose had died of "prolonged apoplexy, conjectural degeneration and final insensibility." Under such circumstances, said an accompanying letter, Rose shouldn't be expected to be a soldier any more. Police investigated and found Rose very much alive at his home. He confessed to obtaining a death certificate blank and filling it out. The judge sent Rose back to the army.

Three Buildings Lost in Blaze

Fire which started about 4:10 p. m. Tuesday destroyed a barn, garage and shed on the Donato property on the Saugerties road. Despite a heavy wind which was blowing at the time members of Ulster Hose Company No. 5, prevented the flames from doing serious damage to the house which stood about 35 feet from the fire.

The garage of cement blocks with an asbestos roof, the barn of frame construction with tar paper roof and the shed stood between the house and the Donato Drive-In. Each building was approximately 20 by 35 feet and made a hot fire. Paint on the house was scorched on the back and side and at times the fire communicated to the roof but was extinguished. Chief Joseph Dyer stated that the wind blew the flames toward the house and the firemen devoted most of their attention to saving the house.

The other buildings were totally destroyed with a loss estimated at about $5,000. A car and tractor in the buildings were removed but an old Plymouth car which was not in running condition was destroyed together with some farm equipment and a quantity of lumber. A stock of ice cream cones stored in one of the buildings was destroyed when the fire spread quickly through the building.

Both pumpers of the Ulster Hose Company were placed in operation and assistance was sought from the Hurley fire department which was called upon to send its water tanker to haul water to the scene to augment the Ulster tanker.

About 30 inches of water which was in the cellar of the drive-in was also used to battle the flames.

Judge Loughran Has Honorary Law Degree

Chief Judge John Thomas Loughran of the New York Court of Appeals was the recipient of the honorary degree of Doctor of Laws conferred at yesterday's 101st commencement exercises of Manhattan College in New York. As guest speaker, he addressed more than 3500 persons on the college quadrangle.

"Never deprive yourself of moral liberty in your personal affairs," Judge Loughran told the graduates, "or limit your freedom to show the door to anybody who tries to induce you to do an improper thing."

Magazine Confiscated

Pusan, Korea, June 11 (AP)—Some Pusan book dealers said today martial law officials confiscated copies of the American magazine Newsweek containing an article on President Syngman Rhee and the current political crisis. Dr. Clarence Ryee, a government spokesman, denied civilian authorities had ordered the seizure. The Newsweek article said declaration of martial law and arrest of 11 assemblymen on charges of being involved in a Communist plot were "autocratic" actions and "in the frank opinion of UN and U. S. officials, appeared to threaten the republic's democratic form of government."

Financial and Commercial

New York, June 11 (AP)—Railroads stood well ahead of an advancing stock market today with steels supplying some support.

Gains in these two major divisions came to fractions to around 2 points. Elsewhere in the list the advance was largely fractional, with a number of individual issues pushing ahead sharply.

Wall street seemed to like the idea that the railroads were going after new business aggressively with an offer by 14 eastern railroads to reduce round-trip coach vacation fares by 25 per cent for group and family travel. It is a gesture at meeting automobile competition.

Outside of the rails and steels there was little feature in the market among major groups.

Higher stocks included Bethlehem Steel, American Power & Light, Northern Pacific, Lackawanna, Santa Fe, Montgomery Ward, Eastman Kodak, Texas Co., Texas Pacific Land Trust, and Amerada (up 10 points).

Late Bulletin

Washington, June 11 (AP)—The Senate, sticking by its stand that President Truman should use the Taft-Hartley Act in the steel crisis, today rejected another move to give him the plant seizure powers he asked.

Some government officials were of the opinion the Senate stand would virtually force Truman to turn to the T-H law, which he dislikes, in an effort to end the strike of 650,000 CIO steel workers.

There was no sign, however, that the administration contemplated any imminent action.

Senator Morse (R.-Ore.) offered the new seizure proposal in the Senate. It was slapped down 53 to 26.

Harold Peterson Fined $100 for Leaving Accident

Harold R. Peterson, 25, of Lake Hill, was fined $100 or 100 days in jail Tuesday morning in city court for leaving the scene of an accident May 26.

Peterson, who was represented by Attorney Louis Frangello of Saugerties, paid the fine this morning. He also lost his operator's license through revocation.

Peterson pleaded guilty to the charge that he left the scene after striking Mortimer B. DeLong, 47, of 70 Harwich street, on Washington avenue near the viaduct. DeLong was taken to Kingston Hospital suffering from leg fractures and lacerations. His condition this morning was reported to be "good."

Peterson was picked up at his home several hours after the accident by Cpl. Ray Dunn and Troopers Michael Lisman and Edward J. Devine of the Kingston substation, State Police, and turned over to Sgt. William Messing and Officer Meyer Levy of the Kingston Police Department.

Jockey Arcaro Is

harder on certain other horses, however, who may have a tendency to slip on a muddy track, Arcaro said.

Miron introduced the thought that horses have eyes that magnify objects around them and Arcaro agreed. He pointed out that things look gigantic to a horse and that was why "they have fear in them for human beings."

Rides All Distances

Arcaro said that he has no preference as to distance, that he usually rides five or six different distances each race day. He pointed out that the classic distance in England was a mile and a half, whereas in this county it was a mile and a quarter. His favorite track is at Belmont, the only mile and a half track in the United States. "The mile and an eighth race is almost a straightaway for perhaps three-quarters of the distance," he explained.

Milt Wagenfohr, Freeman photographer, asked Arcaro how much his saddle weighed.

"Fourteen ounces," the lean-faced veteran replied. "I hardly touch the saddle after a race begins," he said, "except riding to the barrier. The jockey leans forward and rides in the stirrups." He said that all the jockey really needed was a pair of stirrups.

Free-Lancer Now

Arcaro is riding free-lance now. That means he's hired by horse owners to ride. At one time, however, he was under contract for 11 years to the Greentree Stables, owned by Jock Whitney.

"Eddie's well-liked on the track," Miron said, "right from the stableboy on up."

"By the horses too, I'll bet," Wagenfohr laughed. Miron agreed. "He's helped everybody."

The little sun-tanned man, who has won 2,885 races in a peerless career, left Kingston early this afternoon in a new Cadillac he bought from Stuyvesant Motors.

Miron opened a business in Kingston in 1947 and has expanded steadily ever since, handling everything in building materials except electrical and plumbing supplies.

Sugar is consumed in the United States at the rate of about 95 pounds per year for every man, woman and child.

Taft Camp Dictates

plain he intends to enforce the 1948 convention rules until the time this year's convention is permanently organized and he turns the gavel over to Rep. Joseph Martin of Massachusetts, named as the premanent chairman.

Martin is a rooter for McArthur as a possible presidential candidate, although the general has said he isn't running.

Sen. Eugene Millikin of Colorado, a Taft delegate, was named to head the convention platform-drafting committee.

Eisenhower's backers have said they will carry to the convention floor a fight to seat a pro-Eisenhower delegation from Texas. Although Taft himself proposed a compromise recently, he evidently now is ready to fight to the finish for the seating of a pro-Taft delegation. The 38 Texas votes involved could be vital in the nomination fight.

Legality Is Defined

The 1948 convention rules say that "only legal and qualified voters shall participate in a Republican . . . convention" and it is the contention of Taft backers that Eisenhower backers stacked precinct and county conventions in Texas with Democrats in an attempt to grab control of the delegation.

Eisenhower backers have asserted the Taft camp tried to "steal" the Texas votes by holding rump precinct and county meetings.

Other and somewhat similar contests may go before the national committee—and finally the convention itself—involving Louisiana's 15 delegates, Georgia's 17, Mississippi's five, South Carolina's six and possibly Florida's 18.

As further evidence the Taft forces intend to use a firm hand, Rep. Clarence Brown of Ohio said he will oppose the televising of contest hearings. He heads the convention's radio and press subcommittee.

Harry Darby, Kansas backer of Eisenhower, said he would fight any such decision.

"The public should know and see what is going on in these hearings," he declared.

Eisenhower Backer

GOP convention in Chicago next month.

But now the general also has taken on a full morning schedule of conferences starting at 8:30 a. m. (EST) with Hoffman. Then comes the group of New Jerseyites followed by Dulles.

12 Are Invited

Twelve New Jersey Republicans, including seven convention delegates, have been invited to see Eisenhower today. Of the seven delegates, four are either supporting Sen. Robert A. Taft of Ohio or have not publicly admitted preferences.

All the GOP delegates from New Jersey have dates here tomorrow with both Eisenhower and Taft. The Associated Press tabulation of delegates gives Eisenhower 31 Jerseyites, Taft six, and Harold E. Stassen one. Taft supporters claim nine Jersey votes.

A spokesman for Eisenhower said last night that the general and Dulles, who resigned as a State Department aide after drawing up the Japanese Peace Treaty, probably would resume a foreign affairs talk they started several weeks ago in Paris.

Dulles Shies Away

So far, Dulles has shied away from publicity supporting any of the GOP presidential aspirants, however, he is a close associate of New York's Gov. Thomas E. Dewey, who is an Eisenhower backer.

The states in this afternoon's huddles are 24 delegate votes from Maryland and possibly 17 from New York state.

Maryland's delegation is bound to the state's Gov. Theodore R. McKeldin Jr. on the first ballot; and McKeldin claims he can swing at least 18 votes to anybody else after that. The governor is reported to like Eisenhower but has made no public committment. At least 13 votes after the first ballot are claimed by Maryland Taft backers.

In New York state, Eisenhower followers insist they will get 95 of 96 votes; the Taft camp counters that the senator will get at least 17. The AP tabulation gives 79 for Eisenhower, seven for Taft, and 10 doubtful.

During yesterday's round of meetings with state delegations, Eisenhower met with Republicans from Alabama, Georgia and North Carolina.

State Fair Premiums To Total $109,000

Syracuse, N. Y., June 11 (AP) —Premiums to be awarded at the 106th annual New York State Fair will total more than $109,000 — the largest amount in the history of the exposition.

Director Harold L. Creal said today the list of prizes for the agricultural and industrial exposition, Aug. 30 to Sept. 6, was the largest of any state fair in the nation.

The total tops last year's awards by about $2,000.

The largest amount, $23,575, will be awarded in the cattle department. The second largest, $16,468, will be distributed in the boys' and girls' department.

A new category provides $2,000 for a state drum and bugle corps championship.

Four New York

booked. They finally settled on $50 to drop the charge. Ratzlaff agreed to meet them with the money yesterday, but instead went to detectives first.

Both patrolmen said they were innocent.

The Forster-Newman affair—William Masich, the tavern owner, went to detectives Monday night to report that a seaman customer had complained of losing his wallet. The detectives suggested the case did not "look so hot" and that Masich might get in trouble with State Alcoholic Beverage Control authorities. The detectives agreed to visit the tavern yesterday morning to collect $20, but before they arrived Masich had called an assistant district attorney.

Both patrolmen maintained they were innocent. The two are attached to the Union Turnpike Station in Queens. Schnepf lives at 59-31 Woodbine St., Ridgewood, Queens; and Cooke at 145-37 Sixth Ave., Whitestone, Queens.

Truman Expected

and labor squared off in a battle of counter-claims as to why their peace talks collapsed. The breakdown came last Monday, right after President Truman had expressed optimism over negotiating progress in a letter asking the Senate to withhold any action.

Ernest T. Weir, chairman of the board of National Steel Corp., said "only one real issue remains" —the CIO Steelworkers' demand for a union shop. He said the steel industry can never be a party to compelling workers to join a union against their wishes.

Philip Murray, CIO president, contends that wage and "fringe benefits" for the workers still are in sharp dispute.

Acheson Continues

member of the European defense community.

All this country binds itself to is consultation, Acheson said.

In his prepared statement, Acheson emphasized "there must be no misunderstanding in any quarter" about how this country would regard a hostile move against the new western European setup.

"For this reason," he said, "we have joined with the governments of Britain and France in a declaration which makes it clear that we would regard any such act as a threat to our own security."

MacArthur Unqualified

Binghamton, N. Y., June 11 (AP) —An officer of the New York Association of Young Republican Clubs contends Gen. MacArthur's support of Sen. Robert A. Taft for the GOP presidential nomination makes him totally unqualified to be the keynoter at the Republican National Convention. Carl Gitlitz, chairman of the group's board of governors, said yesterday, in a letter to Guy Gabrielson, Republican national chairman, that the keynoter should be neutral. This is "especially so when so many millions of Republicans have shown that they want Gen. Eisenhower to be their president," Gitlitz wrote. The association claims 17,000 members.

Coast Guard Sets Boat Crash Probe

New York, June 11 (AP)—The coast guard has ordered a preliminary investigation of an excursion boat's ramming a Hudson river pier, injuring 30 persons.

The probe by Commander Ernest A. Cascini will determine whether a formal board of inquiry should be ordered.

Police have said the skipper of the boat refused to give them any information on the accident yesterday in which the double-decked vessel, the New Yorker, suffered a 10-foot dent in its bow.

Rubin D. Drew, captain of the boat, was quoted by police as saying he would talk only to the coast guard.

The New Yorker, which sails around Manhattan island, was carrying some 300 passengers, mostly school children.

Police said an order had been given to reverse engines, but that "man trouble" resulted instead in full speed ahead.

Long Would Cut Fund

Washington, June 11 (AP)—Sen. Long (D-La.) said today he would like to hold the Defense Department request for military construction to about half of the three billion dollars sought. The proposed program includes installations for the army, navy, marines and air force both in this country and abroad. The House Armed Services Committee approved the program yesterday after trimming it to about 2¾ billions.

City Still Has Dumping Problem

Indications this afternoon were that the city still had a dumping problem on its hands.

A delegation from the Fourth Ward incensed at yesterday's announcement, that a section near Devil's Lake would be used called at the city hall today in protest.

Mayor Oscar V. Newkirk said that he had received permission from Terry Brothers to use their land in the vicinity of the lake.

The mayor made the announcement after residents in the neighborhood off Pine Grove avenue held a protest meeting and threatened to get an injunction to stop dumping rubbish and combustibles in the area of South Sterling and Valley streets.

This site used for years as a city dump was closed after the meeting attended by approximately 50 people and Attorney William Kaercher.

It was then that Mayor Newkirk announced he had procured the Terry property on First avenue, within the city limits, near the lake.

Ernest A. Steuding, superintendent of the Department of Public Works, said he intended to confer with officials of Terry Brothers this afternoon.

It was said that announcement of the new dumping area started appeals to Terrys to revoke its permission for use of the land.

War Department Engineers Make Survey of Creek

A group of U. S. War Department engineers began a survey of an area approximately two miles long and 150 feet wide in Rondout creek early this afternoon.

C. Peters, one of the engineers, explained that they were here "to make a preliminary survey of the harbor to detect shoaling." The survey is being made because of war contracts at shipyards in Rondout creek.

Peters demonstrated the operation of a new $10,000 machine which makes 300 soundings a minute and records them on a graph. He said that before this machine was placed in operation it took 16 men two months to sound the river channel from Hudson to Albany. He explained that it now requires four men only three days to do the same job.

They expect to complete the survey this afternoon, it was said.

Anyway, They Investigated

Norwich, England, June 11 (AP)—The death certificate received by the commanding officer of a British army detachment said 19-year-old Anthony Rose had died of "prolonged apoplexy, conjectural degeneration and final insensibility." Under such circumstances, said an accompanying letter, Rose shouldn't be expected to be a soldier any more. Police investigated and found Rose very much alive at his home. He confessed to obtaining a death certificate blank and filling it out. The judge sent Rose back to the army.

Three Buildings Lost in Blaze

Fire which started about 4:10 p. m. Tuesday destroyed a barn, garage and shed on the Donato property on the Saugerties road. Despite a heavy wind which was blowing at the time members of Ulster Hose Company No. 5, prevented the flames from doing serious damage to the house which stood about 35 feet from the fire.

The garage of cement blocks with an asbestos roof, the barn of frame construction with tar paper roof and the shed stood between the house and the Donato Drive-In. Each building was approximately 20 by 35 feet and made a hot fire. Paint on the house was scorched on the back and side and at times the fire communicated to the roof but was extinguished. Chief Joseph Dyer stated that the wind blew the flames toward the house and the firemen devoted most of their attention to saving the house.

The other buildings were totally destroyed with a loss estimated at about $5,000. A car and tractor in the buildings were removed but an old Plymouth car which was not in running condition was destroyed together with some farm equipment and a quantity of lumber. A stock of ice cream cones stored in one of the buildings was destroyed when the fire spread quickly through the building.

Both pumpers of the Ulster Hose Company were placed in operation and assistance was sought from the Hurley fire department which was called upon to send its water tanker to haul water to the scene to augment the Ulster tanker.

About 30 inches of water which was in the cellar of the drive-in was also used to battle the flames.

Judge Loughran Has Honorary Law Degree

Chief Judge John Thomas Loughran of the New York Court of Appeals was the recipient of the honorary degree of Doctor of Laws conferred at yesterday's 101st commencement exercises of Manhattan College in New York. As guest speaker, he addressed more than 3500 persons on the college quadrangle.

"Never deprive yourself of moral liberty in your personal affairs," Judge Loughran told the graduates, "or limit your freedom to show the door to anybody who tries to induce you to do an improper thing."

Magazine Confiscated

Pusan, Korea, June 11 (AP)—Some Pusan book dealers said today martial law officials confiscated copies of the American magazine Newsweek containing an article on President Syngman Rhee and the current political crisis. Dr. Clarence Ryee, a government spokesman, denied civilian authorities had ordered the seizure. The Newsweek article said declaration of martial law and arrest of 11 assemblymen on charges of being involved in a Communist plot were "autocratic" actions and "in the frank opinion of UN and U. S. officials, appeared to threaten the republic's democratic form of government."

Financial and Commercial

New York, June 11 (AP)—Railroads stood well ahead of an advancing stock market today with steels supplying some support.

Gains in these two major divisions came to fractions to around 2 points. Elsewhere in the list the advance was largely fractional, with a number of individual issues pushing ahead sharply.

Wall street seemed to like the idea that the railroads were going after new business aggressively with an offer by 14 eastern railroads to reduce round-trip coach vacation fares by 25 per cent for group and family travel. It is a gesture at meeting automobile competition.

Outside of the rails and steels there was little feature in the market among major groups.

Higher stocks included Bethlehem Steel, American Power & Light, Northern Pacific, Lackawanna, Santa Fe, Montgomery Ward, Eastman Kodak, Texas Co., Texas Pacific Land Trust, and Amerada (up 10 points).

Late Bulletin

Washington, June 11 (AP)—The Senate, sticking by its stand that President Truman should use the Taft-Hartley Act in the steel crisis, today rejected another move to give him the plant seizure powers he asked.

Some government officials were of the opinion the Senate stand would virtually force Truman to turn to the T-H law, which he dislikes, in an effort to end the strike of 650,000 CIO steel workers.

There was no sign, however, that the administration contemplated any imminent action.

Senator Morse (R.-Ore.) offered the new seizure proposal in the Senate. It was slapped down 53 to 26.

Harold Peterson Fined $100 for Leaving Accident

Harold R. Peterson, 25, of Lake Hill, was fined $100 or 100 days in jail Tuesday morning in city court for leaving the scene of an accident May 26.

Peterson, who was represented by Attorney Louis Frangello of Saugerties, paid the fine this morning. He also lost his operator's license through revocation.

Peterson pleaded guilty to the charge that he left the scene after striking Mortimer B. DeLong, 47, of 70 Harwich street, on Washington avenue near the viaduct. DeLong was taken to Kingston Hospital suffering from leg fractures and lacerations. His condition this morning was reported to be "good."

Peterson was picked up at his home several hours after the accident by Cpl. Ray Dunn and Troopers Michael Lisman and Edward J. Devine of the Kingston substation, State Police, and turned over to Sgt. William Messing and Officer Meyer Levy of the Kingston Police Department.

Jockey Arcaro Is

harder on certain other horses, however, who may have a tendency to slip on a muddy track, Arcaro said.

Miron introduced the thought that horses have eyes that magnify objects around them and Arcaro agreed. He pointed out that things look gigantic to a horse and that was why "they have fear in them for human beings."

Rides All Distances

Arcaro said that he has no preference as to distance, that he usually rides five or six different distances each race day. He pointed out that the classic distance in England was a mile and a half, whereas in this county it was a mile and a quarter. His favorite track is at Belmont, the only mile and a half track in the United States. "The mile and an eighth race is almost a straightaway for perhaps three-quarters of the distance," he explained.

Milt Wagenfohr, Freeman photographer, asked Arcaro how much his saddle weighed.

"Fourteen ounces," the lean-faced veteran replied. "I hardly touch the saddle after a race begins," he said, "except riding to the barrier. The jockey leans forward and rides in the stirrups." He said that all the jockey really needed was a pair of stirrups.

Free-Lancer Now

Arcaro is riding free-lance now. That means he's hired by horse owners to ride. At one time, however, he was under contract for 11 years to the Greentree Stables, owned by Jock Whitney.

"Eddie's well-liked on the track," Miron said, "right from the stableboy on up."

"By the horses too, I'll bet," Wagenfohr laughed. Miron agreed. "He's helped everybody."

The little sun-tanned man, who has won 2,885 races in a peerless career, left Kingston early this afternoon in a new Cadillac he bought from Stuyvesant Motors.

Miron opened a business in Kingston in 1947 and has expanded steadily ever since, handling everything in building materials except electrical and plumbing supplies.

Sugar is consumed in the United States at the rate of about 95 pounds per year for every man, woman and child.

Taft Camp Dictates

plain he intends to enforce the 1948 convention rules until the time this year's convention is permanently organized and he turns the gavel over to Rep. Joseph Martin of Massachusetts, named as the premanent chairman.

Martin is a rooter for McArthur as a possible presidential candidate, although the general has said he isn't running.

Sen. Eugene Millikin of Colorado, a Taft delegate, was named to head the convention platform-drafting committee.

Eisenhower's backers have said they will carry to the convention floor a fight to seat a pro-Eisenhower delegation from Texas. Although Taft himself proposed a compromise recently, he evidently now is ready to fight to the finish for the seating of a pro-Taft delegation. The 38 Texas votes involved could be vital in the nomination fight.

Legality Is Defined

The 1948 convention rules say that "only legal and qualified voters shall participate in a Republican . . . convention" and it is the contention of Taft backers that Eisenhower backers stacked precinct and county conventions in Texas with Democrats in an attempt to grab control of the delegation.

Eisenhower backers have asserted the Taft camp tried to "steal" the Texas votes by holding rump precinct and county meetings.

Other and somewhat similar contests may go before the national committee—and finally the convention itself—involving Louisiana's 15 delegates, Georgia's 17, Mississippi's five, South Carolina's six and possibly Florida's 18.

As further evidence the Taft forces intend to use a firm hand, Rep. Clarence Brown of Ohio said he will oppose the televising of contest hearings. He heads the convention's radio and press subcommittee.

Harry Darby, Kansas backer of Eisenhower, said he would fight any such decision.

"The public should know and see what is going on in these hearings," he declared.

EisenhowerBacker

GOP convention in Chicago next month.

But now the general also has taken on a full morning schedule of conferences starting at 8:30 a. m. (EST) with Hoffman. Then comes the group of New Jerseyites followed by Dulles.

12 Are Invited

Twelve New Jersey Republicans, including seven convention delegates, have been invited to see Eisenhower today. Of the seven delegates, four are either supporting Sen. Robert A. Taft of Ohio or have not publicly admitted preferences.

All the GOP delegates from New Jersey have dates here tomorrow with both Eisenhower and Taft. The Associated Press tabulation of delegates gives Eisenhower 31 Jerseyites, Taft six, and Harold E. Stassen one. Taft supporters claim nine Jersey votes.

A spokesman for Eisenhower said last night that the general and Dulles, who resigned as a State Department aide after drawing up the Japanese Peace Treaty, probably would resume a foreign affairs talk they started several weeks ago in Paris.

Dulles Shies Away

So far, Dulles has shied away from publicity supporting any of the GOP presidential aspirants, however, he is a close associate of New York's Gov. Thomas E. Dewey, who is an Eisenhower backer.

The states in this afternoon's huddles are 24 delegate votes from Maryland and possibly 17 from New York state.

Maryland's delegation is bound to the state's Gov. Theodore R. McKeldin Jr. on the first ballot; and McKeldin claims he can swing at least 18 votes to anybody else after that. The governor is reported to like Eisenhower but has made no public committment. At least 13 votes after the first ballot are claimed by Maryland Taft backers.

In New York state, Eisenhower followers insist they will get 95 of 96 votes; the Taft camp counters that the senator will get at least 17. The AP tabulation gives 79 for Eisenhower, seven for Taft, and 10 doubtful.

During yesterday's round of meetings with state delegations, Eisenhower met with Republicans from Alabama, Georgia and North Carolina.

State Fair Premiums To Total $109,000

Syracuse, N. Y., June 11 (AP)—Premiums to be awarded at the 106th annual New York State Fair will total more than $109,000 — the largest amount in the history of the exposition.

Director Harold L. Creal said today the list of prizes for the agricultural and industrial exposition, Aug. 30 to Sept. 6, was the largest of any state fair in the nation.

The total tops last year's awards by about $2,000.

The largest amount, $23,575, will be awarded in the cattle department. The second largest, $16,468, will be distributed in the boys' and girls' department.

A new category provides $2,000 for a state drum and bugle corps championship.

Four New York

booked. They finally settled on $50 to drop the charge. Ratzlaff agreed to meet them with the money yesterday, but instead went to detectives first.

Both patrolmen said they were innocent.

The Forster-Newman affair—William Masich, the tavern owner, went to detectives Monday night to report that a seaman customer had complained of losing his wallet. The detectives suggested the case did not "look so hot" and that Masich might get in trouble with State Alcoholic Beverage Control authorities. The detectives agreed to visit the tavern yesterday morning to collect $20, but before they arrived Masich had called an assistant district attorney.

Both patrolmen maintained they were innocent. The two are attached to the Union Turnpike Station in Queens. Schnepf lives at 59-31 Woodbine St., Ridgewood, Queens; and Cooke at 145-37 Sixth Ave., Whitestone, Queens.

Truman Expected

and labor squared off in a battle of counter-claims as to why their peace talks collapsed. The breakdown came last Monday, right after President Truman had expressed optimism over negotiating progress in a letter asking the Senate to withhold any action.

Ernest T. Weir, chairman of the board of National Steel Corp., said "only one real issue remains"—the CIO Steelworkers' demand for a union shop. He said the steel industry can never be a party to compelling workers to join a union against their wishes.

Philip Murray, CIO president, contends that wage and "fringe benefits" for the workers still are in sharp dispute.

Acheson Continues

member of the European defense community.

All this country binds itself to is consultation, Acheson said.

In his prepared statement, Acheson emphasized "there must be no misunderstanding in any quarter" about how this country would regard a hostile move against the new western European setup.

"For this reason," he said, "we have joined with the governments of Britain and France in a declaration which makes it clear that we would regard any such act as a threat to our own security."

MacArthur Unqualified

Binghamton, N. Y., June 11 (AP)—An officer of the New York Association of Young Republican Clubs contends Gen. MacArthur's support of Sen. Robert A. Taft for the GOP presidential nomination makes him totally unqualified to be the keynoter at the Republican National Convention. Carl Gitlitz, chairman of the group's board of governors, said yesterday, in a letter to Guy Gabrielson, Republican national chairman, that the keynoter should be neutral. This is "especially so when so many millions of Republicans have shown that they want Gen. Eisenhower to be their president," Gitlitz wrote. The association claims 17,000 members.

Coast Guard Sets Boat Crash Probe

New York, June 11 (AP)—The coast guard has ordered a preliminary investigation of an excursion boat's ramming a Hudson river pier, injuring 30 persons.

The probe by Commander Ernest A. Cascini will determine whether a formal board of inquiry should be ordered.

Police have said the skipper of the boat refused to give them any information on the accident yesterday in which the double-decked vessel, the New Yorker, suffered a 10-foot dent in its bow.

Rubin D. Drew, captain of the boat, was quoted by police as saying he would talk only to the coast guard.

The New Yorker, which sails around Manhattan island, was carrying some 300 passengers, mostly school children.

Police said an order had been given to reverse engines, but that "man trouble" resulted instead in full speed ahead.

The boat is owned by Circle Lines-Sightseeing Yachts Inc.

Long Would Cut Fund

Washington, June 11 (AP)—Sen. Long (D-La.) said today he would like to hold the Defense Department request for military construction to about half of the three billion dollars sought. The proposed program includes installations for the army, navy, marines and air force both in this country and abroad. The House Armed Services Committee approved the program yesterday after trimming it to about 2¾ billions.

The well-baby clinic on June 2, handled 21 children. Miss Ann Hayes of Kingston was nurse in attendance with assistance from the following members of the public health nursing committee: Mrs. John Sheehy, Mrs. Walter Wallach, and Mrs. Graham Burmeister.

Mrs. Nuvart Bedrossian sailed Saturday on the SS Nea Hellas for Athens, Greece. She plans to spend six weeks studying at the American School for Classical Study the following: architecture, drama and democracy in comparative study with those subjects here. She will fly to Rome for a seminar; travel through France; spend a day in Paris; sail home on the Queen Mary in August. Mrs. Bedrossian is the instructor at Wallkill Central School.

Peter Sowa son of Mr. and Mrs. Peter T. Sowa of Bridge street recently made his first Holy Communion. The following were entertained at his parent's home in honor of the occasion: Mrs. Florence O'Neil and Mr. and Mrs. Philip Brady and four sons of Warwick; Mr. and Mrs. John Sowa, Mr. and Mrs. Joseph Traskus and her son and daughter, Florida, N. Y. Miss Mildred Sowa and Robert Foster of Hempstead.

Mrs. Walter Smith entertained the Canasta Bridge Luncheon Club at her home Thursday. Present were Mrs. Clifford E. Caswell, Mrs. George Sohn, Mrs. Emmet Conklin and Mrs. Smith.

Mrs. David Kelly of Wallingford, Conn., has returned home after a week's visit with her daughter and family, Mr. and Mrs. Charles Lavelle.

Mrs. Charles Reinhart, Miss Anna Reinhart, Mrs. Ella Horn and Miss C. Carmen were recent shoppers in Newburgh.

John Wood of Ellenville spent some time recently with Mr. and Mrs. Charles White of Crittenden street.

Mr. and Mrs. George Foster recently enjoyed a weekend at Staten Island with their two sons, George and Brian. They attended a wedding of a sister and also visited another sister, Sister Marian James.

Mr. and Mrs. William Galbraith are spending the summer at their summer cottage on Orchard street. Their son and family, Mr. and Mrs. Jack Galbraith recently spent the weekend with them.

Mrs. Paul Bosch of Brooklyn has returned home after a weekend stay at the home of her sister and family, Mrs. Peggy Vander Essen.

Pvt. George Lawson of Fort Lee, N. J., has returned to camp after a short furlough with his wife and infant daughter.

Mr. and Mrs. Edward Harmon and son Edward of New York spent the past weekend at their summer home here on the river road. Also guests at the Harmon home were Mrs. Anne Conroy and daughter, Eleanor and grandson, John and Mr. and Mrs. Fred McVeagh of Brooklyn who remained for a two-week vacation in Wallkill.

Pvt. Donald Ross of the U. S. Marine Corps and his wife Helen Baranski Ross are spending a vacation in Florida.

Mr. and Mrs. Nick Ruzzuto have moved into the Samuel Lawson apartment. Mrs. Ruzzoto is the former Lorraine Lawson.

Rose Sheeley Post, American Legion, Wallkill, will hold a regular meeting Friday, June 11 in the Legion rooms at 8 p. m. Election of officers will take place that night. All members of the post are urged to attend.

The Ladies' Auxiliary of the Rose Sheeley Post recently donated a flag to the Cub Scouts in the village.

Rose Sheeley Post, American Legion team of the softball league strengthened its lead on first place last week with an 8 to 4 victory over the firemen and a hectic 12 to 1 victory over the New Hurley Farmers. In other games Poppy's Players triumphed over the Prison team with a score of 16 to 13.

Mr. and Mrs. James McClung and their three children have purchased the former Maley home and are now residing in Wallkill.

Grave Markers Available for Vets

State Veteran Counselor Donald G. Moore and Director Howard C. Shurter of the local Veterans' Service Agency said today that recent Memorial Day pilgrimages revealed that graves of many veterans are not marked, although there are both federal and state laws under which headstones or markers may be obtained for graves of persons who served in the armed forces.

Moore pointed out that New York state further provides for the marking of graves of minor children of the wife or widow of veterans, if such person died without leaving means to defray the expenses of such headstones.

People in this area knowing of such unmarked graves are urged to contact State Veteran Counselor Moore or Director Shurter at the Veterans' Service Agency, 32 Main street. They will make every effort to see that the graves of the deceased are properly marked.

No Summer Meetings

The Town of Rochester Taxpayers Association will discontinue meetings for the summer months, and resume its program on Wednesday, Sept. 3, at 8 p. m. in the auditorium of the Accord school.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Jehovah Assembly To Be Held June 13-15 in Hurley

An assembly of Jehovah's Witnesses will be held from Friday, June 13, to Sunday, June 15, on the Hiller Lots, Hillside avenue and Orchard street, in Hurley.

It was originally planned to hold the assembly in Ellenville but the village board, after granting permission for the assembly to be held on Berme road, reversed its decision. Services on Sunday will be carried by direct wire from Hurley to the Workmen's Circle Hall in Ellenville.

The assembly will begin officially at 7 p. m. Friday. At 7:15 p m., following a short period of songs, T. J. Sullivan of Brooklyn, a director of the Watchtower Bible and Tract Society, will deliver the opening address, That Men May Know. At 7:30 a model theocratic ministry school will be presented under Sullivan's direction, featuring talks by minister's of Jehovah's Witnesses from Springfield and Holyoke, Mass., and Catskill.

At 8:30 p. m. the weekly service meeting will be held with R. E. Collier in charge. Collier, a traveling representative for the Watchtower Society, regularly visits all of the congregation attending the assembly. The meeting will feature talks and demonstrations by ministers from Hudson, Poughkeepsie and Troy, and from Keene, N. H.

At 9 a m. Saturday M. L. Lewis of Albany will speak on the subject, A Call to Praise, which will be followed by a public ministry. A symposium on the general theme, Do Not Loiter at Your Business, will be conducted by Collier, Sullivan and Leo Newell, Greenfield, Mass., at 1:30 p. m. A circuit activity meeting under Sullivan's direction will be held at 7:15 p. m.

There will be a discourse on baptism at 9 a. m. Sunday, followed by actual immersion in the YMCA pool at 9:30 a. m. A talk, What Religion will Survive the World Crisis, will be delivered at 3 p. m. with the concluding session beginning at 4:30 p. m.

Jingled Protests

To stop the laying of a pipeline across their farm at Hampton Township, Penna., Mrs. Mary H. Gerken (left) and her sister, Miss Margaret L. Hunter, prepare protest signs for the highway alongside their property. The sisters are trying to halt construction of a pipeline by the Tuscarora Oil Co., a subsidiary of Standard Oil of New Jersey. Small Station TV Studied

Chicago (AP)—A study of 12 of the smaller cities having television stations comes up with the conclusion that telecasters in those communities devote only approximately one-eighth of their time to local programs. The basic material either is motion picture films of various types or network originated shows.

Maple Syrup Production

Lansing, Mich. (AP)—The 1952 maple syrup production in Michigan has been estimated at 92,000 gallons, 5 per cent less than last year, the federal-state crop reporting service said recently. Producers made only 6,000 pounds of sugar this year compared to 16,000 pounds a year ago.

Of the 92 elements, only about 30 occur in nature in a free state.

Family Bunches Birthdays

Mansfield, O. (AP)—When the middle of May rolls around each year the Tryon family has to buy five birthday cakes. The recent arrival of Deborah Sue Tryon marks the fifth birthday in four days. She was born May 18. The next day is the birthday of Bobby, 9, followed by the birthdays of the twin girls, Marlene and Charlene, 10, and Barbara, 20. Deborah Sue is 40-year-old Mrs. Tryon's 16th child.

Dr. Cooke Emphasizes Early Cancer Diagnosis At Benedictine Hospital Auxiliary Meeting

Dr. John A. Cooke, Jr., speaking before the Ladies' Auxiliary of the Benedictine Hospital June meeting emphasized the importance of early diagnosis and early treatment of cancer. The meeting was held Tuesday in the nurses' home with Mrs. John A. Cooke, president, presiding.

Cites Symptoms

In an enlightening and illuminating discussion, Dr. Cooke explained various ways in which the symptoms of cancer might be recognized in its early stages. Too often, he said, when there is pain the disease might be in its late stages. Methods of treatment, he asserted, were by radium, X-ray and surgery. He also brought out in his talk that cancer, which is on the increase, ranks second in the cause of death. Heart disease is the No. 1 killer.

In conjunction with the talk, a movie, Breast, Self-Examination, was shown. The film showed how woman can detect any irregularities in the breast and it is pointed out that 20,000 lives can be saved this year by immediate consultation with the family physician when these irregularities appear.

Nationwide Program

The showing of the film is the first step in a nationwide program, sponsored by the American Cancer Society and the National Cancer Institute, designed to save the lives of thousands of American women.

At the close of the film, Dr. Cooke answered questions pertaining to cancer.

The June luncheon will be held Saturday, June 21, at 1:30 p. m., at the Nieuw Dorp in Hurley. Mrs. Edwin Phelan and Mrs. Schonger are the chairmen in charge of arrangements and any member wishing to make arrangements may call Mrs. Phelan at 1654 or Mrs. Schonger at 2168-J.

Nurses Dinner

A dinner will be given the graduate nurses by the Auxiliary in August. Mrs. Edward J. Dolan was named chairman of the dinner.

Sister Berenice expressed her pleasure with the results of the recent annual ball and asked the continued interest and enthusiasm in the new hospital.

Mrs. Lester E. Sanford was welcomed as a new member at the meeting.

A social hour concluded the meeting with Mrs. George Einterz and Mrs. Fred Martino as hostesses. Mrs. Robert Canavan poured.

Y.M.C.A. News

Ladies' Swimming Class

The ladies' swimming class at the YMCA had a good start last week with 14 women present. From the number of phone calls since then a goodly number are expected this week.

This women's swimming class at the Y is made possible through popular demand on the part of many women and will take place every Wednesday night at the Y pool at 7:30 p. m. Telephone the Y for any special information, or be present June 11 with your bathing suit and towel.

Grammar Girls' Swimming

Last Friday afternoon was the first swimming date set for the girls of grammar school age at the YMCA. Mr. Schafer always plans on two rather good sized classes, but in four 45 minute periods, 169 girls used the pool.

This class is always popular in June. But little instruction can be given because of the crowded swimming area. As there are two more Friday periods left before the summer vacation, when the girls will attend the Y pool on Wednesday and Friday mornings in scheduled groups, Lou Schafer thinks it is good for the girls just to get used to the pool and get acclimated for the summer program. This Friday's class, will start at 3:30 p. m.

Ladies' Swimming Class

The ladies' swimming class at the YMCA had a good start last week with 14 women present. From the number of phone calls since then a goodly number are expected this week.

This women's swimming class at the Y is made possible through popular demand on the part of many women and will take place every Wednesday night at the Y pool at 7:30 p. m. Telephone the Y for any special information, or be present June 11 with your bathing suit and towel.

Grammar Girls' Swimming

Last Friday afternoon was the first swimming date set for the girls of grammar school age at the YMCA. Mr. Schafer always plans on two rather good sized classes, but in four 45 minute periods, 169 girls used the pool.

This class is always popular in June. But little instruction can be given because of the crowded swimming area. As there are two more Friday periods left before the summer vacation, when the girls will attend the Y pool on Wednesday and Friday mornings in scheduled groups, Lou Schafer thinks it is good for the girls just to get used to the pool and get acclimated for the summer program. This Friday's class, will start at 3:30 p. m.

Parents Organization Elects New Officers

The Parents Organization of School 5 elected new officers at its final meeting of the season held Thursday at the school. Mrs. Raymond Gilkey was re-elected as president.

The other officers elected were Mrs. David Gibbs, vice-president; Mrs. Stanley VanWagenen, secretary; and Mrs. Richard Kalish, treasurer. The nominating committee which presented the slate of officers to be elected, included Mr. and Mrs. Oscar Lawatsch and Mr. and Mrs. Arthur Moak.

Progress was reported by Mrs. Elmer Carney and Mrs. Howard Nickerson, members of the picnic committee. It is planned to give the 6th grade class an all-day picnic and swim at Williams Lake. Mrs. Henry Eighmey said that group pictures were being taken of those in the grade, and will be presented to each boy and girl.

Speaking on the learning process of youth today, the guest speaker, Harry Gumaer, principal of Myron J. Michael School, compared the amount of learning today with that of years ago.

Children Know More

Boys and girls know much more today than ever before," said Mr. Gumaer. He spoke of some of the ways of learning, particularly through activity programs and observations of community life; and mentioned ways in which the school was establishing connections with community life and interest of parents for their schools.

A motion picture film entitled, A Day at MJM, was shown by Mr. Gumaer and portrayed the tie-in between junior high school and the elementary school.

Empire Girls' State Delegates Are Named By Auxiliary Head

The delegates who will attend the '52 session of Empire Girl's State have been announced by Mrs. William A. Woestendiek of Saugerties, county chairman, American Legion Auxiliary. Girls' State is the outgrowth of the Boys State movement inaugurated by the Legion in 1934.

Those who will attend include Miss Barbara Cain, Ellenville, sponsored by Cook-Taylor Unit 111 of Ellenville; Miss Shirley Pratt, RFD, Stone Ridge, by Marbletown Unit 1512; Miss Barbara Gail Misner, 10 Mohonk avenue, New Paltz, Sullivan-Shafer Unit 176; Miss June Thornton, 79 Ulster avenue, Saugerties, Lamouree-Hackett Unit 72; and Miss Lynda Sulko, RFD 1, Kingston, sent by town of Ulster unit, sponsored by the Ulster county organization.

The purpose of Girls' State is to awaken within the youth of our nation a sincere conviction that a well-informed, intelligent, participating citizenry is vitally needed to protect and preserve our American democracy and our American Institution.

Mythical State

Girls' State is a mythical 50th state, wherein through actual participation, the girls share the duties, responsibilities and privileges of American citizenship. For one week they actually become cogs in the wheels of government. Every girl has an active part in some phase of state or city government. She learns to do by doing, and that her Government is just what she makes it.

The girls have the opportunity to meet a number of important officials, city, county and state, who are brought before them for talks upon the duties and functions of their specific offices. This friendly contact shows the girl citizens that these people are human beings too, and not people set apart from common citizens, that they are approachable and truly public servants.

Sensible Division

There will be a sensible division of each day between government activity and recreation. Swimming, outdoor games, music and other varied entertainment will be provided, all under supervision of recreational leaders.

The girls are chosen by the principals of their respective high schools as to their eligibility, which requires she be from 14 to 17 years of age, a junior in the upper half of her class and possess the qualities of scholarship, leadership and sportsmanship.

Church Guild Formed

At a meeting Friday, June 6, 12 ladies of the Congregational Church met at the home of Mrs. Eugene Kolts on Ponckhockie street to organize a guild to the men's club.

Officers nominated included the Mmes. Eugene Kolts, president; Frank Shaw, secretary, and Rudy Scholp, treasurer.

The next meeting will take place on Wednesday, July 2, at the home of Mrs. Scholp.

Becomes Bride of Rensselaer Alumnus

MRS. JOHN J. CAMPBELL, JR.

The marriage of Miss Joan DuFour, daughter of Mr. and Mrs. Robert M. DuFour of 205 Somerset street, Bound Brook, N. J., to John J. Campbell, Jr., son of Mr. and Mrs. John J. Campbell of 84 Roosevelt avenue took place Saturday afternoon, June 7, in Bound Brook, with the Rev. M. W. Rock officiating. (Kinsley Photo).

Joan DuFour Weds John J. Campbell, Jr.

Miss Joan DuFour, daughter of Mr. and Mrs. Robert M. DuFour of 205 Somerset street, Bound Brook, N. J., was married to John J. Campbell, Jr., son of Mr. and Mrs. John J. Campbell of 84 Roosevelt avenue, Saturday afternoon, June 7, at 2 o'clock, in Bound Brook. The Rev. M. W. Rock officiated. A reception was held at the Colonial Farm in Middlebush, N. J.

Given in marriage by her father, the bride wore a nylon tulle gown with Alencon lace inserts in her bouffant skirt and a lace spencer jacket. Her fingertip veil was draped from a cap of matching lace trimmed with seed pearls, and she carried a Bible covered in matching lace with a white orchid.

Miss Lillie Dunn Coddington of Bound Brook was maid of honor. The bridesmaids were the Misses Joyce Davis of Bound Brook, Jean Ann Scheller of Connellsville, Pa., and Bethany Larkin of Pelham. All the attendants were attired in gowns of pale blue nylon tulle of ballerina length, and they carried bouquets of pink African daisies with blue delphinium and gysophilia.

John R. Shults of this city served as best man. The ushers were Gustav C. Koch, John N. Cordts, Jr., and Robert A. MacKinnon.

For traveling, the bride wore a white linen suit with black accessories.

Mrs. Campbell is a graduate of Bound Brook High School and of Bethany College, W. Va., where she was a member of Kappa Delta Sorority.

Mr. Campbell was graduated from Kingston High School and Rensselaer Polytechnic Institute in Troy, where he was a member of Sigma Phi Epsilon. He is employed as a chemical engineer with the American Cynamid Corporation of Bound Brook.

Ulster Grange Set For Youth Jamboree, Musicians Are Named

The American Federation of Music, Local 215, has announced the musicians who will furnish music in cooperation with Ulster Grange 969, for the youth jamboree scheduled to take place in the Grange Hall, Ulster Park, Thursday, from 7:30 to 11 p. m. A large attendance of young people is anticipated.

The outstanding group of well known musicians will include Clementine Nessel, accordion and piano; Peter Ferraro, trumpet; Ole Christensen, clarinet; Edward Greco, drummer; Roland Myers, string bass; and Perry Berago, violinist. The music is provided through a grant from the Music Performance Trust Fund of the Recording Industry.

Jamboree Purpose

The purpose of the jamboree is to initiate a young people's project sponsored by the Grange, and formulate plans for its continuance. Mrs. Hilda Hopkins, chairman of the youth committee, said today that the project will be suitable for school children, beginning with age 10 and continuing through the high school grades.

During the jamboree evening, the children will be consulted as to the type of program, or programs, they are particularly interested in having the Grange sponsor, and every effort will be made to cooperate with them.

Includes Districts

School districts included are Ulster Park, Esopus, Union Center and the Anderson.

In preparation for the gala event, members worked arduously last Saturday at the hall. Cleaning, decorating, minor repairs, hay cutting, and a minimum of landscaping was completed by the members and was followed by a supper. On Saturday, the group will again meet to begin exterior painting of the building.

Jamboree day will also be baking day in the areas mentioned as interested ladies prepare the refreshments to be served without charge Thursday evening.

To Be Third Bride

Las Vegas, Nev., June 11 (AP)—Singer Johnny Johnston plans to make Shirley Carmel, former wife of a New York clothier, his third bride. Johnston said yesterday he will seek a Mexican divorce soon from wife No. 2, actress Kathryn Grayson. Miss Grayson obtained an interlocutory decree in California but it is not final until October. Johnston said he wants to be free to marry Mrs. Carmel before he goes to London in August for a singing engagement. He has one child by Miss Grayson and two by his first wife, Mrs. Dorothy Johnston.

homes of the minority certainly violated the true, original spirit of the Constitution. So we had the interesting paradox of an unconstitutional article in the Constitution.

I told Mr. Blake that I had bet Aaron Ford, also of Senator Russell's campaign headquarters, $10 to a dollar that Russell would not be the Democratic nominee. He replied that he was offering two to one that Russell would be nominated, so get in line men. I told him I hoped he was right because, although I have never met the senator, he is known to me as one of the few genuine gentlemen in American politics.

I am a Republican but if I had a choice between Sen. Russell on the Democratic ticket and Dwight Eisenhower on the Republican, as of now, I would go Democratic again because I simply cannot believe that Chinaboy Luce, The New York Times, The Herald-Tribune and all the mock-Republican Roosevelt idolators, Socialists, pro-Communists and fellow-travelers in New York would support Ike unless they had some hidden reason to believe that he was their man.

Real Republicans will have to study that out and it will be a hard puzzle unless Ike or that parasitic New Deal rag-tag of his comes up with some overt act that explains what they expect to get out of him. On the face of his recent speeches I see no profit or comfort in it for them but most of them are greedy opportunists, without principle or conscience, some of them busted and ready to do anything to renew their faded publicity and make a dollar, whether on television or radio or just on salary as federal commissioners of this or that.

I am afraid they might take charge of Ike, after all, even in his Paris headquarters, he had a Hollywood colonel as one of his aides and, for political advisor, a son-in-law of Alben Barkley who is a partisan Democrat and a State Department man. Not a State Department plant, of course, Just a State Department appointee. If that could happen in SHAPE, where Ike could pick his own staff, what could the Roosevelt cult do to him in Washington with millions of jobs to dispose of?

Well, I still insist that if the Democrats name a candidate pledged to the Civil Rights fake and the report of the Civil Rights Committee which was selected by David K. Niles and instigated by the National Association for the Advancement of Colored People, a Democrat of Russell's convictions ought to get out.

The Democratic party has given his part of the country no reason to remain loyal with its threats of a new swarm of New York carpet-baggers to devil the south with prosecutions in matters which are purely state and county affairs.

Aaron Ford said Russell would never put party above country and of course he would not consciously do so. But the Democratic party is the party of F. D. Roosevelt, Alger Hiss, Leon Pressman, Nathan Witt, and all the sniveling Hollywood trash. So it seems to me that the issue has been joined.

Triple Suit Filed

New York, June 11 (AP)—The government, charging violation of meat ceiling prices, filed a triple damage suit for $7,876 yesterday against Samuel Cukerstein, slaughterer, of 65 State street, Hudson. The Office of Price Stabilization said Cukerstein sold veal and beef last summer over legal price ceilings.

As Pegler Sees It

homes of the minority certainly violated the true, original spirit of the Constitution. So we had the interesting paradox of an unconstitutional article in the Constitution.

I told Mr. Blake that I had bet Aaron Ford, also of Senator Russell's campaign headquarters, $10 to a dollar that Russell would not be the Democratic nominee. He replied that he was offering two to one that Russell would be nominated, so get in line men. I told him I hoped he was right because, although I have never met the senator, he is known to me as one of the few genuine gentlemen in American politics.

I am a Republican but if I had a choice between Sen. Russell on the Democratic ticket and Dwight Eisenhower on the Republican, as of now, I would go Democratic again because I simply cannot believe that Chinaboy Luce, The New York Times, The Herald-Tribune and all the mock-Republican Roosevelt idolators, Socialists, pro-Communists and fellow-travelers in New York would support Ike unless they had some hidden reason to believe that he was their man.

Real Republicans will have to study that out and it will be a hard puzzle unless Ike or that parasitic New Deal rag-tag of his comes up with some overt act that explains what they expect to get out of him. On the face of his recent speeches I see no profit or comfort in it for them but most of them are greedy opportunists, without principle or conscience, some of them busted and ready to do anything to renew their faded publicity and make a dollar, whether on television or radio or just on salary as federal commissioners of this or that.

I am afraid they might take charge of Ike, after all, even in his Paris headquarters, he had a Hollywood colonel as one of his aides and, for political advisor, a son-in-law of Alben Barkley who is a partisan Democrat and a State Department man. Not a State Department plant, of course, Just a State Department appointee. If that could happen in SHAPE, where Ike could pick his own staff, what could the Roosevelt cult do to him in Washington with millions of jobs to dispose of?

Well, I still insist that if the Democrats name a candidate pledged to the Civil Rights fake and the report of the Civil Rights Committee which was selected by David K. Niles and instigated by the National Association for the Advancement of Colored People, a Democrat of Russell's convictions ought to get out.

The Democratic party has given his part of the country no reason to remain loyal with its threats of a new swarm of New York carpet-baggers to devil the south with prosecutions in matters which are purely state and county affairs.

Aaron Ford said Russell would never put party above country and of course he would not consciously do so. But the Democratic party is the party of F. D. Roosevelt, Alger Hiss, Leon Pressman, Nathan Witt, and all the sniveling Hollywood trash. So it seems to me that the issue has been joined.

Armstrong's Two Homers Pace Dodgers to Second LL Win, 12 to 8

Jumps His Average To Lofty .888; Mayone Is Winner

Brooks, Yanks to Meet Thursday Night

Sparked by Hobart Armstrong's second and third home runs of the Little League season, the Dodgers continued to hit like demons as they bombarded the Red Sox by 12 to 8 Tuesday night at the LL Stadium, Manor avenue.

In two games now the Dodgers have scored 31 runs and have collected 35 hits.

Last night's victory enabled the Dodgers to keep even with the Yankees who also have won both of their starts.

The Dodgers and Yankees will collide in the big ball game of the season Thursday night at the stadium with first place at stake.

Armstrong, center fielder for the Dodgers, cracked out two homers last night in the 12-8 win over the Red Sox. It was his third round-tripper of the season.

Collecting four hits in as many trips to the plate, Armstrong is now batting at a tremendous .888 pace. In last Saturday's opener, Armstrong drove out four safeties in five trips.

The young Little League ace unleashed his first homer last night in the opening inning with two men aboard. He came back in the fourth inning with a long smash over the left center wall with two men on again.

Homers Ignite Rallies

Both four-basers provided the drive the Dodgers needed. Armstrong's first homer sparked a four-run rally in the opening stanza and his second belt ignited the five-run uprising in the fourth frame. The Dodgers also scored two in the fifth and a single marker in the sixth.

George Uhl, Tom Mayone and Glen Newell divided the pitching chores for the Dodgers last night with Tom Mayone getting credit for the victory. Charlie Boice went the distance for the losers.

Red Sox Lose Lead

The Red Sox, after trailing 4-0, tied up the game in the fourth with a rally of four and went ahead with three in the third to make it 7-4. The Dodgers' and Armstrong went to work in earnest in the fourth, however, and never were headed after that.

Garry Barnes and Bob Pratt collected three bingles for the Dodgers. Jim Cullum of the Red Sox had a perfect night, three bingles in three trips to the plate.

Chichelsky's Jottings: Meb Lynch is doing a fine job keeping the LL Stadium in shape. . . . Hobart Armstrong was a good fielder last night and is now proving his value with the bat. . . . Jim Cullum has really improved from last season. . . . The area's wind and duststorm gave the fans a few anxious moments last night and for a while threatened to halt the proceedings. . . . The battle for first place will take place Thursday night between Bill Thomas' Yankees and Bud Culloton's Dodgers. This should be an interesting game from all angles.

162 Golfers Set For National Open

Dallas, June 11 (AP)—The question "who's hot?" became a matter of utmost importance today to the 162 golfers who will start play tomorrow in the 52nd National Open championship.

They're all good shotmakers, so the big question in picking the likely winner in whose game has reached the torrid peak of perfection for this particular three-day stretch.

The answers today would be divided among Sam Snead, Lloyd Mangrum and Ben Hogan.

Snead and Mangrum, two of the most consistent tournament winners of the year, showed their readiness to tackle the funnel-like fairways of the Northwood course with a pair of remarkable practice rounds. Hogan, who hasn't been following the tournament trail regularly, has won three of the last four opens and can be counted on to play his brilliant best in this big event.

Snead Equals Record

Snead equalled the Northwood course record in practice yesterday with a round of 31-33—64. A couple of hours earlier Mangrum had threatened that record and failed to match it because of a wretched finish after he had played the first 15 holes six strokes under par.

Both Snead and Mangrum were inclined to discount their practice feats. The scores won't count until Thursday, they argued. But they can't discount their consistently good performances leading up to the main event.

In his last six tournaments, Mangrum has won three times, finished second once and third twice.

Snead, since his mid-winter layoff, has been playing some of the most consistent golf of his career, winning the Masters and the Wykagyl round robin among others.

Hogan, picked by most observers as the man to beat, already had named Mangrum as the likely winner but Lloyd wouldn't even comment on that. And Ben, after shooting a 73 under the blazing sun, mopped his face and said: "I guess I'll have to cut a few strokes off that."

Verdi, Italian Champ Matched With TV Star

The first outdoor wrestling show of the season will be staged at municipal stadium Wednesday night, June 18, with Vern Gagne, colorful one-time Minnesota football star, as the feature attraction.

Gagne, who drew a packed house at Kingston auditorium during the winter season, is scheduled to take on Angelo Verdi, Naples, Italy, in a two out of three fall battle.

Verdi, the Italian champion, is a clever grappler who knows all the holds and is regarded as a competent opponent for Gagne, Chicago TV star.

Gagne, who starred as a college football player under Bernie Bierman at Minnesota, had a chance to play pro footfall, but gave it up for wrestling, and says he never has regretted the move. He's top box office in the bone bending business and figures he has made more money in one year than he could in several as a professional football player.

Drew With Thesz

The youngster who battled Lou Thesz to a 90 minute draw last fall, has a wide variety of holds, but his best is the Gagne Sleeper, a form of the dreaded cobra grip.

Two more bouts will be signed to complete the card.

The open air mat show will be the first ring attraction at the uptown ball park since the series of boxing shows several years ago, one of which drew approximately 7,000 fans to see Joe Louis, then heavyweight champion, act as guest referee.

Portland, Me.—Charlie Goulart, 158, Cambridge, Mass., stopped Al Lemire, 158, Manchester, N. H. 6.

Question: How many games in a row did Rube Marquard win in 1913 to set the record? Was it 19 or 20?

Answer: The Giants' left-hander beat every club in the league at least twice, shellacked Boston and Philadelphia four times apiece to win 19 straight. Under present rules, however, Rube would have been credited with 20. In one game, he relieved Jeff Tesreau with the Giants trailing by one run. The Giants went on to win. Under the rules in vogue in 1913, Tesreau was credited with the the victory.

Q. What is the major-league mark for runs driven in by a player in one game?

A. Jim Bottomley of the Cardinals set the record by driving in 12 runs, Sept. 16, 1924.

Q. Was Walter Johnson ever put out of a game by an umpire?

A. The great Washington pitcher was never ousted from a game in 21 years. He had as good control of his temper as his fast ball.

Under present rules, however, Rube would have been credited with 20. In one game, he relieved Jeff Tesreau with the Giants trailing by one run. The Giants went on to win. Under the rules in vogue in 1913, Tesreau was credited with the the victory.

Q. What is the major-league mark for runs driven in by a player in one game?

A. Jim Bottomley of the Cardinals set the record by driving in 12 runs, Sept. 16, 1924.

Q. Was Walter Johnson ever put out of a game by an umpire?

A. The great Washington pitcher was never ousted from a game in 21 years. He had as good control of his temper as his fast ball.

Hambletonian Preview

Westbury, N. Y., June 11 (AP)—Kimberly Mine, outstanding two-year-old trotting filly of 1951, and nine other eligibles for the $90,000 Hambletonian Stake at Goshen, N. Y., in August will show their wares tonight in split divisions of the Old Country Trot at Roosevelt Raceway. Twenty three-year-old fillies were entered for the stakes, and 10 will be in each section, both worth $7,125. Kimberly Mine, owned by Mrs. William B. Hilliard of Geneva, N. Y., is making her first start of the season in the mile event. Her chief rival appears to be Dinner Date, A. L. Derby, Wichita, Kan.

Turpin Registers KO

London, June 11 (AP)—Belting Randy Turpin crashed into the light heavyweight ranks last night with a brilliantly executed 11-round knockout of Don Cockell. The well-earned victory gave him Cockell's British National and British Empire 175-pound crowns to go with the English and European middleweight titles he already owns.

Yanks on Top First Time This Season; Paige Halts Red Sox

Satchel Booms Self For All-Star Job

By JOE REICHLER
Associated Press Sports Writer

Tip to Casey Stengel, who will manage the American League's 1952 all-star team in the inter-league classic in Philadelphia next month:

Want to know how to snap the Nationals' two-game winning streak? Just select Leroy (Satchel) Paige as one of your eight pitchers.

Except for Philadelphia's Bobby Shantz and New York's Allie Reynolds, there hasn't been a more effective hurler in the league than Paige during the past four weeks. And for three innings, the maximum distance in an All-Star game, the ancient Negro is as good a clutch pitcher as anybody in the game today.

Stengel owes Paige a debt of gratitude, at that. But for the 44-year-old righthander's superb relief job last night Casey's New York Yankees might not be in first place today.

The defending champion Yankees are in the top position for the first time this season. That came about when Eddie Lopat pitched them to a 4-0 four-hit victory over Detroit while the St. Louis Browns were turning back the Boston Red Sox, 7-4.

And who was the Brownie star? Old Satchemo Paige. Long and lean Leroy came to the rescue of starter Ned Garver in the sixth inning after the Red Sox had clubbed the Brownie ace for two runs which left them trailing, 5-4. Paige found two men on base with only one out but got the side out without further scoring.

Bosox Drop to Third

The loss dropped the Red Sox into third place behind the Cleveland Indians who edged Washington, 4-3. The Chicago White Sox moved past the Senators into fourth place with a 15-4 slugfest triumph over the Philadelphia Athletics.

The surprising Chicago Cubs picked up a full game on the National League leaders, thrashing the Philadelphia Phillies, 10-5, while the front-running Brooklyn Dodgers and second-place New York Giants were losing. Sophomore Joe Presko pitched the St. Louis Cardinals to a 10-inning 1-0 triumph over the Dodgers' Chris Van Cuyk and the Cincinnati Reds outlasted the Giants, 6-5, in 14 innings. Pittsburgh's cellar- dwellers climbed within 25 games of the top with a 7-5 win over the Boston Braves.

Fifth for Paige

In preserving Garver's third victory, Paige extended his scoreless skein to 24 1/3 innings. He has won five straight and sports a 5-1 record, all in relief.

The victory marked the debut as manager of Marty Marion, who succeeded Rogers Hornsby at the helm only a few hours before the game. St. Louis owner Bill Veeck, who fired Hornsby, was an interested spectator.

Yogi Berra provided the big punch for the Yankees. He smashed two homers off loser Ted Gray to hand the Tiger southpaw his fifth loss.

A home run by Larry Doby proved decisive in Cleveland's success over Washington. Early Wynn picked up his seventh victory although he needed help from Lou Brissie and Mike Garcia when the Senators put the tying run on base in the ninth with nobody out.

Mele Equals Record

Sam Mele equalled the major league record of six runs batted in for a single inning when the White Sox tallied 12 runs in the fourth to go on to an easy triumph. The outfielder homered with two on and tripled with the bases loaded as 15 batters faced three Philadelphia flingers.

Red Schoendienst put an abrupt end to a pitching duel between Presko and Van Cuyk when he tripled in the last of the 10th to score Solly Hemus from first.

Grady Hatton singled home Roy McMillan from second with the run that gave the Reds their 14-inning victory over the Giants.

Paul Minner pitched and batted the Cubs to their victory over the Phils. The tall southpaw yielded eight hits for his sixth success and hit a home run and single.

Ralph Kiner hit his ninth home run to help the Pirates beat the Braves.

NEW BOSS FOR BROWNS

President Bill Veeck of the St. Louis Browns (left) announced in Boston that fiery Rogers Hornsby has been replaced as manager by shortstop Marty Marion (right), who last year guided the Cardinals. Marion, shown above as he was welcomed to the Browns in 1951 as a coach, takes over a club that stands in seventh place, 7½ games off the pace. (NEA Telephoto)

BATTING—Sam Mele, White Sox—equalled a major league record when he batted in six runs in a 12-run fourth inning as Chicago thrashed the Philadelphia Athletics, 15-4. Mele homered with two on and tripled with the bases loaded.

PITCHING — Satchell Paige, Browns—rescued starter Ned Garver with 3 2/3 scoreless innings of relief pitching to help the Browns defeat the Boston Red Sox, 7-4. Paige took over in the sixth after the Red Sox had tallied twice and had two runners on base with one out.

Hambletonian Preview

Westbury, N. Y., June 11 (AP)—Kimberly Mine, outstanding two-year-old trotting filly of 1951, and nine other eligibles for the $90,000 Hambletonian Stake at Goshen, N. Y., in August will show their wares tonight in split divisions of the Old Country Trot at Roosevelt Raceway. Twenty three-year-old fillies were entered for the stakes, and 10 will be in each section, both worth $7,125. Kimberly Mine, owned by Mrs. William B. Hilliard of Geneva, N. Y., is making her first start of the season in the mile event. Her chief rival appears to be Dinner Date, A. L. Derby, Wichita, Kan.

Turpin Registers KO

London, June 11 (AP)—Belting Randy Turpin crashed into the light heavyweight ranks last night with a brilliantly executed 11-round knockout of Don Cockell. The well-earned victory gave him Cockell's British National and British Empire 175-pound crowns to go with the English and European middleweight titles he already owns.

Yanks on Top First Time This Season; Paige Halts Red Sox

Satchel Booms Self For All-Star Job

By JOE REICHLER
Associated Press Sports Writer

Tip to Casey Stengel, who will manage the American League's 1952 all-star team in the inter-league classic in Philadelphia next month:

Want to know how to snap the Nationals' two-game winning streak? Just select Leroy (Satchel) Paige as one of your eight pitchers.

Except for Philadelphia's Bobby Shantz and New York's Allie Reynolds, there hasn't been a more effective hurler in the league than Paige during the past four weeks. And for three innings, the maximum distance in an All-Star game, the ancient Negro is as good a clutch pitcher as anybody in the game today.

Stengel owes Paige a debt of gratitude, at that. But for the 44-year-old righthander's superb relief job last night Casey's New York Yankees might not be in first place today.

The defending champion Yankees are in the top position for the first time this season. That came about when Eddie Lopat pitched them to a 4-0 four-hit victory over Detroit while the St. Louis Browns were turning back the Boston Red Sox, 7-4.

And who was the Brownie star? Old Satchemo Paige. Long and lean Leroy came to the rescue of starter Ned Garver in the sixth inning after the Red Sox had clubbed the Brownie ace for two runs which left them trailing, 5-4. Paige found two men on base with only one out but got the side out without further scoring.

Bosox Drop to Third

The loss dropped the Red Sox into third place behind the Cleveland Indians who edged Washington, 4-3. The Chicago White Sox moved past the Senators into fourth place with a 15-4 slugfest triumph over the Philadelphia Athletics.

The surprising Chicago Cubs picked up a full game on the National League leaders, thrashing the Philadelphia Phillies, 10-5, while the front-running Brooklyn Dodgers and second-place New York Giants were losing. Sophomore Joe Presko pitched the St. Louis Cardinals to a 10-inning 1-0 triumph over the Dodgers' Chris Van Cuyk and the Cincinnati Reds outlasted the Giants, 6-5, in 14 innings. Pittsburgh's cellar-dwellers climbed within 25 games of the top with a 7-5 win over the Boston Braves.

Fifth for Paige

In preserving Garver's third victory, Paige extended his scoreless skein to 24 1/3 innings. He has won five straight and sports a 5-1 record, all in relief.

The victory marked the debut as manager of Marty Marion, who succeeded Rogers Hornsby at the helm only a few hours before the game. St. Louis owner Bill Veeck, who fired Hornsby, was an interested spectator.

Yogi Berra provided the big punch for the Yankees. He smashed two homers off loser Ted Gray to hand the Tiger southpaw his fifth loss.

A home run by Larry Doby proved decisive in Cleveland's success over Washington. Early Wynn picked up his seventh victory although he needed help from Lou Brissie and Mike Garcia when the Senators put the tying run on base in the ninth with nobody out.

Mele Equals Record

Sam Mele equalled the major league record of six runs batted in for a single inning when the White Sox tallied 12 runs in the fourth to go on to an easy triumph. The outfielder homered with two on and tripled with the bases loaded as 15 batters faced three Philadelphia flingers.

Red Schoendienst put an abrupt end to a pitching duel between Presko and Van Cuyk when he tripled in the last of the 10th to score Solly Hemus from first.

Grady Hatton singled home Roy McMillan from second with the run that gave the Reds their 14-inning victory over the Giants.

Paul Minner pitched and batted the Cubs to their victory over the Phils. The tall southpaw yielded eight hits for his sixth success and hit a home run and single.

Ralph Kiner hit his ninth home run to help the Pirates beat the Braves.

Yesterday's Stars

(By The Associated Press)

BATTING—Sam Mele, White Sox—equalled a major league record when he batted in six runs in a 12-run fourth inning as Chicago thrashed the Philadelphia Athletics, 15-4. Mele homered with two on and tripled with the bases loaded.

PITCHING — Satchell Paige, Browns—rescued starter Ned Garver with 3 2/3 scoreless innings of relief pitching to help the Browns defeat the Boston Red Sox, 7-4. Paige took over in the sixth after the Red Sox had tallied twice and had two runners on base with one out.

NEW BOSS FOR BROWNS

President Bill Veeck of the St. Louis Browns (left) announced in Boston that fiery Rogers Hornsby has been replaced as manager by shortstop Marty Marion (right), who last year guided the Cardinals. Marion, shown above as he was welcomed to the Browns in 1951 as a coach, takes over a club that stands in seventh place, 7½ games off the pace. (NEA Telephoto)

Boulevards Setback Wiltwycks, 7 to 3

Defeat Is First For Motormen in City League Play

Victory Puts Gulfmen Half Game Off Pace

Boulevard Gulf came up with its second straight win of the young City Baseball League campaign Tuesday night and it had two important results.

First, the Gulfmen's 7 to 3 victory over Wiltwyck Motors advanced the winners into second place, a half game off the pace.

Secondly, the loss by the Motormen was their first in three starts this year.

Boulevard broke up a 3-3 tie in the fourth inning with a pair of runs and added two more insurance markers in the sixth to win going away.

Jerry Bechtold toiled the distance for the winners and achieved his first victory of the year. The loss was charged to Gus McCormick, his first. He has won two ball games.

Crosby Raps Triple

The Gulfmen jumped to a 1-0 lead in the first on the strength of Crosby's triple and a long fly by Al Vogt to left. The winners added two more in the second on a walk to Schryver, a single by Bill Tierney and Bechtold's two-bagger.

Wiltwyck Motors evened the count with two in the third and one in the fourth. Singles by Murphy and J. Minadeo plus a walk to McCormick gave the Motormen their two in the third. A double by Finn and Murphy's singleton gave the losers their final run in the fourth stanza.

Boulevards shoved over the winning runs in the bottom half of the fourth. Tierney singled and after Bechtold struck out, Crosby doubled home Tierney to break the deadlock. Vogt's single accounted for Crosby to make it 5-3.

A single by Lyons, Barringer's triple and an infield miscue gave the winners their final two runs in the sixth.

Bill Tierney and Crosby paced the winners with five hits between them. The former laced out three for three while Crosby collected two safeties in four trips. J. Minadeo picked up three for the Motormen while Murphy collected two.

Tonight's game will bring together Chez Emile and Jones Dairy at the Athletic Field.

Flashy Man Sought In Death of Girl

Syracuse, N. Y., June 11 (AP)—A "tall, flashy" man was sought today for questioning in the death of a blonde 15-year-old girl, whose battered body was found in a swamp.

The body of Alice Richardson of East Syracuse, who had been missing since Saturday, her birthday, was found by a motorist yesterday. It was lying in a grassy bog just off Route 5 near Green Lake State Park, 10 miles east of here.

Lt. Charles P. Curtin of the state police said he "presumed" the junior high school student had been murdered. He said there was no indication she had been raped.

Troopers said they had received reports that the girl had been lending money to a man she called "Sammy" and that she had been seen riding in a car with a man the day she disappeared.

MacDuff Gives No Decision on Use Stamp Request

New York, June 11 (AP)—Embarrassed city officials seek permission to put the new auto use tax stamps on windshields.

A new city ordinance requires motorists to display stickers, obtained by paying the $5 or $10 use tax, on windshields after next Monday.

But city officials learned Monday that putting stickers on windshields is prohibited by state law.

A letter promptly was sent to State Motor Vehicle Commissioner James R. MacDuff in Albany, asking special permission.

MacDuff happened to be in New York last night, and said he has not received the city request.

"Frankly," he said, "I have not arrived at a decision."

He added that he understood a similar request from Binghamton had once been turned down and the only time stickers had been permitted was for federal gasoline rationing and auto use stamps during the war.

He said a federal request in time of emergency was one thing, and a request from a city "in these times is another thing."

The city's board of estimate yesterday approved extension of another nuisance tax—the three per cent sales tax—for a three-year period, with City Council President Rudolph Halley dissenting.

Halley said he felt this was the time for the city to "come to grips" with the state on fiscal matters, by rejecting the sales tax and demanding a reconsideration of the situation in Albany.

Bing to Be on TV

New York, June 12 (AP)—Crooner Bing Crosby will make his television debut on Saturday, June 21, with comedian Bob Hope in a marathon fund-raising appearance for the American Olympic Committee. The Columbia Broadcasting system announced yesterday that it and the National Broadcasting Company would offer the 14½-hour program on their national networks starting at 10 p. m. (EST).

Wadlin to Preside At Wage Hearing

The committee on Labor and Industrial Relations will continue its hearings on overall minimum wage proposed legislation in Syracuse and Albany next week. Assemblyman John F. Wadlin of Highland, Republican of Ulster county, is chairman of the committee conducting these hearings and he will leave Sunday, June 15, for Syracuse where he will conduct a hearing on Monday. A hearing will be held next day at Albany.

Other members of this committee include Assemblyman Gans of the Bronx, Senator Donovan also of the Bronx, Senator Ernest I. Hatfield of Dutchess county and Lee B. Mailler, majority leader of the Assembly who is from Orange county.

Boulevards Setback Wiltwycks, 7 to 3

Defeat Is First For Motormen in City League Play

Victory Puts Gulfmen Half Game Off Pace

Boulevard Gulf came up with its second straight win of the young City Baseball League campaign Tuesday night and it had two important results.

First, the Gulfmen's 7 to 3 victory over Wiltwyck Motors advanced the winners into second place, a half game off the pace.

Secondly, the loss by the Motormen was their first in three starts this year.

Boulevard broke up a 3-3 tie in the fourth inning with a pair of runs and added two more insurance markers in the sixth to win going away.

Jerry Bechtold toiled the distance for the winners and achieved his first victory of the year. The loss was charged to Gus McCormick, his first. He has won two ball games.

Crosby Raps Triple

The Gulfmen jumped to a 1-0 lead in the first on the strength of Crosby's triple and a long fly by Al Vogt to left. The winners added two more in the second on a walk to Schryver, a single by Bill Tierney and Bechtold's two-bagger.

Wiltwyck Motors evened the count with two in the third and one in the fourth. Singles by Murphy and J. Minadeo plus a walk to McCormick gave the Motormen their two in the third. A double by Finn and Murphy's singleton gave the losers their final run in the fourth stanza.

Boulevards shoved over the winning runs in the bottom half of the fourth. Tierney singled and after Bechtold struck out, Crosby doubled home Tierney to break the deadlock. Vogt's single accounted for Crosby to make it 5-3.

A single by Lyons, Barringer's triple and an infield miscue gave the winners their final two runs in the sixth.

Bill Tierney and Crosby paced the winners with five hits between them. The former laced out three for three while Crosby collected two safeties in four trips. J. Minadeo picked up three for the Motormen while Murphy collected two.

Tonight's game will bring together Chez Emile and Jones Dairy at the Athletic Field.

Program Is Given For Adonai Lodge Temple Dedication

Adonai Lodge, 718, F&AM, Highland, will dedicate its new temple Saturday, June 28, and plans have been completed for the occasion, except for announcement of the principal speaker.

Representative of the grand master of the Grand Lodge of the State of New York will be Right Worshipful Edward Carman, grand secretary of the Grand Lodge.

The program:

1 p. m.—Open house at which time Masons and the public may inspect the buildings and grounds, including the new temple and Elting memorial room on the second floor of the old building.

3 p. m. — Masonic dedication ceremony in the new temple for Masons only.

4 p. m.—Public dedication ceremony.

6 p. m.—Charcoal broiled beef dinner in Pavero's cooler, North road.

The final event of the day will be a special Masonic communication for Masons only in the temple. A well-known visiting team will confer the third degree on five candidates.

During the evening part of the program, wives of Masons attending the special Masonic communication will be entertained in Odd Fellows Hall by Sisters of the Evening Star.

Harriman Is Praised

New York, June 11 (AP)—W. Averell Harriman, "favorite son" of New York state Democrats for the presidential nomination, was praised last night by speakers at a dinner in honor of Manhattan's party convention delegates and alternates. A large amount of the praise came from Sen. Herbert H. Lehman of New York, honorary national chairman of the Harriman for President Committee, and Rep. Franklin D. Roosevelt, Jr., national chairman of the committee. Harriman, mutual security director, was campaigning in the southwest and his greetings to the fund-raising dinner were presented by Roosevelt. Lehman was detained in Washington, and his address was delivered by a recording.

Boy Scout News

Camporee Program

The annual spring camporee of the Rip Van Winkle Council, Boy Scouts of America will be held June 13, 14 and 15 at Camp Tri-Mount, East Jewett. All Boy Scouts and Explorers in Ulster and Greene counties have been invited and anticipated attendance is greater than last year's total of 450 boys.

Under the supervision of William Plimley, Saugerties district commissioner and Robert C. Tremper, Kingston neighborhood commissioner all will hike seven miles and will compete against a standard at seven stations on natural, physical skills, first aid, axemanship, signaling, compass work and judging.

Saturday night, Robert Tremper will act as master of ceremonies for the campfire songs, stunts, skits and other fun activities. Religious services have been arranged for Sunday morning, conducted by a priest and minister.

At the closing ceremony Sunday afternoon Val Morrow of Maplecrest, the council commissioner will present the three highest troops with awards for proficiency in scout camping skills.

Assisting at the camporee will be Frank Rourke, Kingston district commissioner; Peter Rider of Highland southern district commissioner; Alfred O'Byran of East Jewett, mountain district commissioner; Francis Boisvert, Kingston neighborhood commissioner.

Patrice Munsel Weds

Manhasset, N. Y., June 11 (AP)—Metropolitan Opera star Patrice Munsel, 26, and television director Robert Charles Carroll Schuler, 31, were married here yesterday at St. Mary's Catholic Church. The wedding ceremony was the first for each.

Slayer Sought In Village Bars

New York, June 11 (AP)—Detectives criss-crossed the labyrinth of Greenwich Village streets today in a bar-to-bar search for clues in the slaying of a well-to-do widow.

The victim was Mrs. Marion G. Robbins, 52, thrice-married mother of two sons. Her strangled and bruised body was found yesterday in her apartment amid signs of a late drinking party.

Just last month, her eldest son, John G. Robbins, 30, was married to Sarah King Weld in the home of the bride's aunt, the socially prominent Mrs. Samuel Sloan Colt.

Officers questioned 12 persons early today. Among them were John Robbins and his brother Anthony, 26, of Hartford, Conn.

Police quoted the sons as saying their mother lived in the $125-a-month rented apartment on the interest from a $25,000 trust fund. The officers said the woman was well known as a big spender in Greenwich Village bars.

Robbery Not Motive

Robbery apparently was not a motive in the slaying, police said.

The building superintendent found the woman's body clad only in a slip and stockings when he went to the flat to do some painting. She was lying on a disheveled bed, a pillow case bound tightly around her neck with its ends stuffed into her mouth.

Police said the woman had been divorced from at least one of her three husbands. They said her last husband, identified as Col. Ike Stevenson of the air force, died in a plane crash. In recent years she used the name of her first husband who died.

Alabama Court Reverses Verdict

Montgomery, Ala., June 11 (AP)—The Alabama Court of Appeals yesterday reversed a conviction against Birmingham Police Commissioner Eugene Connor by declaring unconstitutional the ordinance under which he was fined for occupying a hotel room with his secretary.

Judge Robert B. Harwood, in writing the decision, noted the ordinance was too broad. He said it covered many lawful and innocent acts as well as illegal and immoral conduct.

Connor was fined $25 for illegally occupying a hotel room with his 34-year-old secretary, Miss Christiana Brown. Charges were also filed against Miss Brown but she was never brought to trial.

Connor, a married man, denied any immoral intent or actions. He said he had been trapped.

He and Miss Brown were arrested Dec. 21. A grand jury recommended he be removed from office.

A circuit court jury could not agree on a verdict after impeachment proceedings were started against the veteran city official and onetime candidate for governor. The case was reset for October.

Divorce Is Final

Los Angeles, June 11 (AP)—Film actress Agnes Moorehead's divorce from Jack G. Lee, radio and TV actor, has become final. The decree was entered yesterday at her request. She was awarded an interlocutory decree May 18, 1951, on the grounds Lee drank to excess, struck her, and threw a glass of beer at her. The couple married in New York in 1930.

The robin, the goldfinch and English sparrows are among the birds imported to United States territory by white settlers.

No bridge player in the world is more highly respected than Howard Schenken. Those who have never seen him play will agree with this universal respect when they examine today's hand.

Most bridge players would miss the best defense even if they saw all of the cards; Mr. Schenken found the perfect defense even though he could see only his own hand and the dummy.

West opened the queen of hearts and dummy won with the ace. Declarer next led a low trump from dummy and Mr. Schenken hopped up with the king of spades in order to make the killing return.

If you haven't already spotted the right play, examine the hand carefully and find it for yourself before you read on.

At the third trick Mr. Schenken returned a diamond right up to dummy's strength. Declarer led another trump from dummy, and Mr. Schenken put up the ace of trumps in order to continue his brilliant defense. The next diamond return killed the dummy.

Declarer could not cash any other diamonds, for East would be quick to ruff in order to prevent declarer from discarding.

South had to enter his own hand with a club to draw trumps and then played the clubs in the hope that the suit would break 3-3. When the suit actually broke 4-2, South had to lose two clubs in addition to the two trumps he had already lost.

The full beauty of Mr. Schenken's defense becomes clear when you see that any other defense would allow declarer to make his contract. For example, if East wins the first trump trick and returns a heart, South can ruff and force out the other high trump.

Now nothing can stop declarer from getting to his hand to draw the last trump, after which he can take a diamond finesse and obtain all the discards he needs for his contract.

Girls Get Treatments

Tokyo, June 11 (AP)—Ten atom-scarred girls from Hiroshima began beauty treatments today to erase disfigurements caused by the world's first nuclear blast in combat. Japanese woman novelist Shizue Masugi brought them here for plastic surgery at Tokyo University Hospital. They were given medical examinations prior to operation for removal of scar tissue and tumorous growths caused by the Aug. 6, 1945, explosion.

Insurance Companies Will Issue Cards

Albany, N. Y., June 11 (AP)—The State Motor Vehicle Bureau said today that insurance companies had agreed to issue identification cards for drivers under 21, who must carry liability insurance after June 30.

The bureau noted that a new state law, passed by the 1952 Legislature, required such operators to carry coverage of $10,000 for injury to one person, $20,000 for injuries to two or more persons and $5,000 for property damage. Such coverage now is required only for minors who own cars.

The new law applies to minors licensed in other states but driving in New York.

The coverage may be provided by the minor, by his parent or by the owner of the car the minor is operating.

Violations are punishable by fines up to $25 for a first offense, $25 to $50 for a second offense committed within 18 months of the first offense and $50 to $100 for a third or subsequent offense committed within 18 months.

SHOKAN

Shokan, June 11 — Howard Richards and assistant, Edwin Brace, came up from New York and spent the weekend at the Richards' summer home in the village center. Edwin formerly resided in the British West Indies.

Guests at the Longyear House Monday included Mrs. William Groth of New York, who was brought up in the Spillway neighborhood. The former Inez Newbery also spent a couple of days in Kingston where she attended the DAR ceremonies in connection with the 300th Anniversary. She is a descendant of James Winchell, a Revolutionary War soldier from Olive.

The Margaretville Hospital, of which Harry Eckert a native of West Shokan, is treasurer, was the scene of 625 operations in one year according to the annual report. Receipts totalled $184,747.48 as against operating expenses of $174,746.29. There were 228 births at the hospital which has no mortgage and is valued at $263,557.23.

Elder Amasa Slawson of Kingston conducted religious services in the Olive and Hurley OS Baptist Church last Sunday. Elder Slawson and wife, the former Edith Secor of Shokan, were accompanied here by Mrs. M. Jackson of Downs street. Mrs. Jackson is a niece of Elder Hubbell who for many years was one of the most popular Old School Baptist preachers serving Ulster and Delaware county churches.

Birthdays this Friday include that of Earl Elmendorf, who was born and brought up here, a son of Henry C. and Sarah (Coons) Elmendorf. Earl, a retired member of the Ashokan Reservoir force, is married to Alice Brooks who has a son, Howard, of Boston.

A son, born Friday, June 6, to John and Dorothy Adsit, has been named Roger. The couple have two other children, Patricia and John. Grandpa Fred Adsit was away from home upon the occasion of the blessed event, being in attendance upon the Reformed Church General Synod at Buck Hill Falls, Pa., in his capacity of delegate from the Ulster Classis.

Bulbs Are Discharged

With U. S. Marine Air Wing, Korea, June 11 (AP)—A marine combat photographer, Tech. Sgt. Paul F. Shaner, got a flashy reception as he stepped out of a a jeep at a forward marine ground control interceptor squadron. Invisible radar rays from air scanning equipment touched off simultaneously 40 flashbulbs he was carrying in a leather shoulder bag.

156th Units Get Service Awards

Certificates earned for efficiency in summer field training at Camp Drum have been received by New York State National Guard units under command of Lt. Col. Frank W. Harkin, according to an announcement made today.

Official word of the awards came from the Division of Military and Naval Affairs, Executive Department, office of the chief of staff, New York state.

A gold certificate was won by the Service Battery of the 156th Field Artillery Battalion, Kingston.

Silver certificates were presented to Headquarters and Headquarters Battery, local units of the 156th, also to Battery B and Battery C, Poughkeepsie.

Two local officers, who have taken command of winning units, anticipate further success when this summer's training starts.

Lt. Edward R. Schrowang is the present commander of Service Battery, and Lt. Andrew B. Grier commands Headquarters Battery.

Romance Is Speculated

Juarez, Mex., June 11 (AP)—Speculation about a new romance for musical comedy star Ethel Merman continued today after her mutual consent divorce from publisher Robert D. Levitt of New York. The divorce was granted in near record time in first civil court here. Miss Merman declined to tell reporters whether she is going to marry Robert Six, Continenal Airline president. "I'm not making any comments today," she said. Her New York attorney, Paul O'Dwyer, said he thought newsmen were wrong about the reported romance with Six. Six is registered at the Hilton Hotel in El Paso, just across the border from Juarez.

Actress' Home Ransacked

Los Angeles, June 11 (AP)—Burglars ransacked Joan Bennett's Bel Air home early yesterday but took nothing of value, police reported. The actress' jewelry had been removed to a bank safe deposit vault when she went to Chicago to do a play. Many of her personal belongings, including letters, were found scattered in her bedroom. Cameras were strewn about the room formerly occupied by her husband, Walter Wanger, who is serving a four-month jail term for shooting and seriously wounding her agent, Jennings Lang.

The final event of the day will be a special Masonic communication for Masons only in the temple. A well-known visiting team will confer the third degree on five candidates.

During the evening part of the program, wives of Masons attending the special Masonic communication will be entertained in Odd Fellows Hall by Sisters of the Evening Star.

Harriman Is Praised

New York, June 11 (AP)—W. Averell Harriman, "favorite son" of New York state Democrats for the presidential nomination, was praised last night by speakers at a dinner in honor of Manhattan's party convention delegates and alternates. A large amount of the praise came from Sen. Herbert H. Lehman of New York, honorary national chairman of the Harriman for President Committee, and Rep. Franklin D. Roosevelt, Jr., national chairman of the committee. Harriman, mutual security director, was campaigning in the southwest and his greetings to the fund-raising dinner were presented by Roosevelt. Lehman was detained in Washington, and his address was delivered by a recording.

If wives knew what secretaries think of their husbands, they probably wouldn't worry.

Boy Scout News

Camporee Program

The annual spring camporee of the Rip Van Winkle Council, Boy Scouts of America will be held June 13, 14 and 15 at Camp Tri-Mount, East Jewett. All Boy Scouts and Explorers in Ulster and Greene counties have been invited and anticipated attendance is greater than last year's total of 450 boys.

Under the supervision of William Plimley, Saugerties district commissioner and Robert C. Tremper, Kingston neighborhood commissioner all will hike seven miles and will compete against a standard at seven stations on natural, physical skills, first aid, axemanship, signaling, compass work and judging.

Saturday night, Robert Tremper will act as master of ceremonies for the campfire songs, stunts, skits and other fun activities. Religious services have been arranged for Sunday morning, conducted by a priest and minister.

At the closing ceremony Sunday afternoon Val Morrow of Maplecrest, the council commissioner will present the three highest troops with awards for proficiency in scout camping skills.

Assisting at the camporee will be Frank Rourke, Kingston district commissioner; Peter Rider of Highland southern district commissioner; Alfred O'Byran of East Jewett, mountain district commissioner; Francis Boisvert, Kingston neighborhood commissioner.

Patrice Munsel Weds

Manhasset, N. Y., June 11 (AP)—Metropolitan Opera star Patrice Munsel, 26, and television director Robert Charles Carroll Schuler, 31, were married here yesterday at St. Mary's Catholic Church. The wedding ceremony was the first for each.

Slayer Sought In Village Bars

New York, June 11 (AP)—Detectives criss-crossed the labyrinth of Greenwich Village streets today in a bar-to-bar search for clues in the slaying of a well-to-do widow.

The victim was Mrs. Marion G. Robbins, 52, thrice-married mother of two sons. Her strangled and bruised body was found yesterday in her apartment amid signs of a late drinking party.

Just last month, her eldest son, John G. Robbins, 30, was married to Sarah King Weld in the home of the bride's aunt, the socially prominent Mrs. Samuel Sloan Colt.

Officers questioned 12 persons early today. Among them were John Robbins and his brother Anthony, 26, of Hartford, Conn.

Police quoted the sons as saying their mother lived in the $125-a-month rented apartment on the interest from a $25,000 trust fund. The officers said the woman was well known as a big spender in Greenwich Village bars.

Robbery Not Motive

Robbery apparently was not a motive in the slaying, police said.

The building superintendent found the woman's body clad only in a slip and stockings when he went to the flat to do some painting. She was lying on a disheveled bed, a pillow case bound tightly around her neck with its ends stuffed into her mouth.

Police said the woman had been divorced from at least one of her three husbands. They said her last husband, identified as Col. Ike Stevenson of the air force, died in a plane crash. In recent years she used the name of her first husband who died.

Alabama Court Reverses Verdict

Montgomery, Ala., June 11 (AP)—The Alabama Court of Appeals yesterday reversed a conviction against Birmingham Police Commissioner Eugene Connor by declaring unconstitutional the ordinance under which he was fined for occupying a hotel room with his secretary.

Judge Robert B. Harwood, in writing the decision, noted the ordinance was too broad. He said it covered many lawful and innocent acts as well as illegal and immoral conduct.

Connor was fined $25 for illegally occupying a hotel room with his 34-year-old secretary, Miss Christiana Brown. Charges were also filed against Miss Brown but she was never brought to trial.

Connor, a married man, denied any immoral intent or actions. He said he had been trapped.

He and Miss Brown were arrested Dec. 21. A grand jury recommended he be removed from office.

A circuit court jury could not agree on a verdict after impeachment proceedings were started against the veteran city official and onetime candidate for governor. The case was reset for October.

Divorce Is Final

Los Angeles, June 11 (AP)—Film actress Agnes Moorehead's divorce from Jack G. Lee, radio and TV actor, has become final. The decree was entered yesterday at her request. She was awarded an interlocutory decree May 18, 1951, on the grounds Lee drank to excess, struck her, and threw a glass of beer at her. The couple married in New York in 1930.

The robin, the goldfinch and English sparrows are among the birds imported to United States territory by white settlers.

No bridge player in the world is more highly respected than Howard Schenken. Those who have never seen him play will agree with this universal respect when they examine today's hand.

Most bridge players would miss the best defense even if they saw all of the cards; Mr. Schenken found the perfect defense even though he could see only his own hand and the dummy.

West opened the queen of hearts and dummy won with the ace. Declarer next led a low trump from dummy and Mr. Schenken hopped up with the king of spades in order to make the killing return.

If you haven't already spotted the right play, examine the hand carefully and find it for yourself before you read on.

At the third trick Mr. Schenken returned a diamond right up to dummy's strength. Declarer led another trump from dummy, and Mr. Schenken put up the ace of trumps in order to continue his brilliant defense. The next diamond return killed the dummy.

Declarer could not cash any other diamonds, for East would be quick to ruff in order to prevent declarer from discarding.

South had to enter his own hand with a club to draw trumps and then played the clubs in the hope that the suit would break 3-3. When the suit actually broke 4-2, South had to lose two clubs in addition to the two trumps he had already lost.

The full beauty of Mr. Schenken's defense becomes clear when you see that any other defense would allow declarer to make his contract. For example, if East wins the first trump trick and returns a heart, South can ruff and force out the other high trump.

Now nothing can stop declarer from getting to his hand to draw the last trump, after which he can take a diamond finesse and obtain all the discards he needs for his contract.

Girls Get Treatments

Tokyo, June 11 (AP)—Ten atom-scarred girls from Hiroshima began beauty treatments today to erase disfigurements caused by the world's first nuclear blast in combat. Japanese woman novelist Shizue Masugi brought them here for plastic surgery at Tokyo University Hospital. They were given medical examinations prior to operation for removal of scar tissue and tumorous growths caused by the Aug. 6, 1945, explosion.

Insurance Companies Will Issue Cards

Albany, N. Y., June 11 (AP)—The State Motor Vehicle Bureau said today that insurance companies had agreed to issue identification cards for drivers under 21, who must carry liability insurance after June 30.

The bureau noted that a new state law, passed by the 1952 Legislature, required such operators to carry coverage of $10,000 for injury to one person, $20,000 for injuries to two or more persons and $5,000 for property damage. Such coverage now is required only for minors who own cars.

The new law applies to minors licensed in other states but driving in New York.

The coverage may be provided by the minor, by his parent or by the owner of the car the minor is operating.

Violations are punishable by fines up to $25 for a first offense, $25 to $50 for a second offense committed within 18 months of the first offense and $50 to $100 for a third or subsequent offense committed within 18 months.

SHOKAN

Shokan, June 11 — Howard Richards and assistant, Edwin Brace, came up from New York and spent the weekend at the Richards' summer home in the village center. Edwin formerly resided in the British West Indies.

Guests at the Longyear House Monday included Mrs. William Groth of New York, who was brought up in the Spillway neighborhood. The former Inez Newbery also spent a couple of days in Kingston where she attended the DAR ceremonies in connection with the 300th Anniversary. She is a descendant of James Winchell, a Revolutionary War soldier from Olive.

The Margaretville Hospital, of which Harry Eckert a native of West Shokan, is treasurer, was the scene of 625 operations in one year according to the annual report. Receipts totalled $184,747.48 as against operating expenses of $174,746.29. There were 228 births at the hospital which has no mortgage and is valued at $263,557.23.

Elder Amasa Slawson of Kingston conducted religious services in the Olive and Hurley OS Baptist Church last Sunday. Elder Slawson and wife, the former Edith Secor of Shokan, were accompanied here by Mrs. M. Jackson of Downs street. Mrs. Jackson is a niece of Elder Hubbell who for many years was one of the most popular Old School Baptist preachers serving Ulster and Delaware county churches.

Birthdays this Friday include that of Earl Elmendorf, who was born and brought up here, a son of Henry C. and Sarah (Coons) Elmendorf. Earl, a retired member of the Ashokan Reservoir force, is married to Alice Brooks who has a son, Howard, of Boston.

A son, born Friday, June 6, to John and Dorothy Adsit, has been named Roger. The couple have two other children, Patricia and John. Grandpa Fred Adsit was away from home upon the occasion of the blessed event, being in attendance upon the Reformed Church General Synod at Buck Hill Falls, Pa., in his capacity of delegate from the Ulster Classis.

156th Units Get Service Awards

Certificates earned for efficiency in summer field training at Camp Drum have been received by New York State National Guard units under command of Lt. Col. Frank W. Harkin, according to an announcement made today.

Official word of the awards came from the Division of Military and Naval Affairs, Executive Department, office of the chief of staff, New York state.

A gold certificate was won by the Service Battery of the 156th Field Artillery Battalion, Kingston.

Silver certificates were presented to Headquarters and Headquarters Battery, local units of the 156th, also to Battery B and Battery C, Poughkeepsie.

Two local officers, who have taken command of winning units, anticipate further success when this summer's training starts.

Lt. Edward R. Schrowang is the present commander of Service Battery, and Lt. Andrew B. Grier commands Headquarters Battery.

Romance Is Speculated

Juarez, Mex., June 11 (AP)—Speculation about a new romance for musical comedy star Ethel Merman continued today after her mutual consent divorce from publisher Robert D. Levitt of New York. The divorce was granted in near record time in first civil court here. Miss Merman declined to tell reporters whether she is going to marry Robert Six, Continenal Airline president. "I'm not making any comments today," she said. Her New York attorney, Paul O'Dwyer, said he thought newsmen were wrong about the reported romance with Six. Six is registered at the Hilton Hotel in El Paso, just across the border from Juarez.

PUBLIC NOTICE

ADIRONDACK TRANSIT LINES, INC., 495 Broadway, Kingston, New York, announces that effective June 23, 1952 there will be an increase in rates for transportation between points on its routes in intrastate transportation.

There is on file and available for inspection at the office of the Public Service Commission in Albany, New York, and at the Company's office complete details of the proposed fare increase.

NOTICE IS HEREBY GIVEN that Arrow Bus Line, Inc., has filed a proposed change in tariff rates for students' tickets to and from New Paltz, New York with the Public Service Commission to be effective June 17, 1952. The change consists of making eight day student tickets good for 6 round trips instead of five and charging 50% of twelve one-way fares for same.

NOTICE TO BIDDERS
June 2, 1952

The Board of Education, Kingston, New York, solicits sealed bids for the transportation of approximately 47 kindergarten, first, second, third, fourth, fifth, sixth, grade school children living in the Wilbur area, No. 1 School District to the George Washington Elmentary School located on Wall Street. This bus shall make one (1) trip in the morning and another in the afternoon.

The bus shall leave at the foot of Hudson Street at 8:10 a. m., travel westerly along Abeel Street to Hamilton Street; thence returning along Abeel Street to Dunn Street, to Wilbur Avenue to Greenkill Avenue, to Washington Avenue, to the rear of the George Washington School. At 3:30 P. M., the bus shall leave the George Washington School and retrace the route traversed in the morning.

The Board of Education also solicits sealed bids for the transportation of approximately 6 kindergarten children from the George Washington School to the place in the Wilbur area where these children boarded the school bus in the morning. The transportation vehicle shall leave the George Washington School at 11:20 A. M.

There shall be two (2) separate sealed bids.

Contractors shall carry the necessary insurance, including liability, property damage, etc., to give both the children and the Board of Education full protection against any contingency. The following limits of liability will be necessary in order to have such bid honored: Bodily injury—$100,000 per person; $300,000 per accident. Property damage—$10,000.

This contract shall continue for every day that school is in session beginning on September 2, 1952 and extending up to and including the 19th day of June, 1953. Contractors shall submit their bids on a daily basis.

Sealed bids shall be mailed to the office of the Board of Education, 403 Broadway, Kingston, New York, on or before June 20th, 1952, at 12 o'clock noon.

The Board of Education reserves the right to accept or reject any or all bids.

For further information contact the office of the Superintendent of Schools, 403 Broadway, Kingston, New York.

Question Raised On Federal Action About Wheat Crop

Washington, June 11 (AP)—An official forecast of a near-record wheat crop raised the question today of whether the government will seek lowered production next year to avoid a burdensome surplus in that grain.

The Agriculture Department said in a crop report yesterday that the wheat harvest may total 1,326,000,000 bushels. This would be second only to the 1947 crop of 1,367,000,000 bushels, and about a third larger than last year's crop.

A yield of this size would be about 231 million bushels more than the department has said will be necessary to meet domestic and export requirements. This extra grain would be added to an existing reserve of about 290 million bushels.

The department has authority to limit production through planting allotments and marketing quotas. It must decide by July 1 whether either allotments or quotas, or both, will be invoked on the 1953 crop. Farmers will start planting winter wheat in September.

Some Cooler Weather Is Eastern Prospect

(By The Associated Press)

More hot and humid weather was the outlook today for most of the southern half of the country. But some cooling was in prospect for most of the midwest, and eastern and far western states.

Showers and thunderstorms, with strong winds from 30 to 40 miles an hour, spread from the Dakotas eastward to Minnesota and western Wisconsin early today. Showers were forecast for most of the north central region.

Small craft warnings were posted on Lakes Superior, Huron and Ontario.

The cooler air over the Great Lakes region and New England spread southward along the Atlantic coast as far south as Washington. It also was on the cool side from the northern Rockies to the Pacific coast. Elsewhere temperatures were around normal levels. There were showers along the Oregon and northern California coast.

Tornado Causes Damage

Gordonsville, Va., June 11 (AP)—A tornado that came bustling down out of the Blue Ridge Mountains did helter-skelter damage totaling more than $100,000 in this Orange county town late yesterday. The twister toppled scores of trees, many of them huge oaks, shattered windows, knocked over power lines and left the community without lights most of last night. The blow pulled loose a large drive-in theatre movie screen and hurled it all the way across state Route 221.

Budget Is Approved

New Delhi, India, June 11 (AP)—The Indian Parliament approved today a 1952 defense budget today totaling $333,380,000 after defeating a Communist motion charging Indian defense was under British-American influence.

Laymen See Surgery For Stomach Ulcers

Chicago, June 11 (AP)—Major surgery on a human patient—heretofore televised nationally only for doctors—was viewed for the first time by laymen on a national network last night.

An estimated 30 million persons saw part of an operation on a 60-year-old man. The program was telecast over a 40-station network of the National Broadcasting Co.

The program, held in connection with the annual meeting here of the American Medical Association, was a demonstration of medical techniques.

The operation for removal of most of the unidentified patient's ulcer-damaged stomach was on the program for about six minutes.

Four doctors actually worked about four hours to complete the operation.

The telecast was similar to those seen previously only by doctors in closed-circuit demonstrations.

Video viewers saw surgeons begin sewing up the incision over the patient's stomach. The purpose was to show the manipulation of clamps, thread and needles used by the doctors.

Quake Hits Argentina

Buenos Aires, June 11 (AP)—A violent earthquake rocked the provincial capital of San Juan last night and first reports said at least one child was killed. Thousands fled in panic as the quake toppled buildings throughout the city of 80,000 just over the Andes from the Chilean border. A number of persons suffered minor injuries fleeing from movie houses or leaping from windows.

Blind Father Gets Lighthouse Award

New York, June 11 (AP)—The "Blind Father of the Year" citation was presented yesterday to Roy Ward, staff instructor of the Lighthouse, at that institution, 111 East 59th street, Manhattan.

The presentation to Ward, 32-year-old father of two children, living at 60-55 75th avenue, Glendale, Queens, was in recognition of his devotion to the work of teaching other blind men and women how to lead normal lives.

Dr. Philip S. Platt, executive director of the Lighthouse, made the presentation in behalf of the National Father's Day Committee, sponsor of the citation.

Ward's wife, Mabel, and their two children, Roy, Jr., 3½, and Nancy, six months, were present.

Ward has been blind since birth. His wife and children have normal sight.

Ward, a graduate of Cornell University, counts expertness in bowling among his accomplishments.

U. S. Generals Promoted

Tokyo, June 11 (AP)—Three U. S. major generals in Korea today were promoted to lieutenant generals—the rank called for by their present commands. They are Glen O. Barcus, commander of the Fifth Air Force; Williston B. Palmer, commander of the Tenth Corps, and Willard B. Wyman, commander of the Ninth Corps.

Reds Kill 15 . . .

the fight. The army said seven wounded POWs had died since, boosting the death toll to 38. A new survey showed about 150 prisoners were wounded.

One American bled to death after being stabbed by a crude prison spear. Fourteen other Americans were injured, none seriously.

The bloody fight had its effect on POWs in other compounds. Those in adjoining 78 were moved to new, smaller pens without resistance a few hours later and 77 sent word to Boatner it would obey moving orders.

Prisoners in 77 began lining up in a driving rain an hour and a half before their scheduled evacuation.

The cleaning out of the enclosure yielded about 65 anti-Communist prisoners who said the evacuation had saved their lives.

North Korean Col. Lee Hak Koo, a Compound 76 leader now in solitary confinement, told an interrogator he thought Boatner was bluffing when he said he would move the prisoners by force if necessary.

There was an unofficial report that leaders of Compound 95 holding 6,000 North Koreans have told authorities they will not resist dispersal.

Breakup of the island's 17 big compounds is expected to take about 10 days.

A reliable source said the U. S. Eighth Army was planning to rescreen Koje's prisoners on whether they want to return to Communist territory in the event of an armistice.

Those who say "no" presumably will be moved to mainland camps.

In the first screening in April, the source said, Red leaders spoke for the POWs in about eight compounds and assured UN authorities that all wanted to return to Red rule.

UN Infantry Beats Back Sino Attack

Seoul, Korea, June 11 (AP)—United Nations infantrymen using bayonets and grenades early today beat back 200 Chinese Reds attacking a vital hill on the Korean western front.

A battalion of Reds—about 750 men—supported by heavy artillery fire had failed to win the position Tuesday.

An Eighth Army staff officer said 123 of the 200 attacking Chinese were killed in today's savage 50-minute fight near Chorwon.

The Reds broke and ran when the UN defenders hit cover and called in allied artillery.

About a mile away, another Chinese attack was repulsed by infantrymen defending a hill wrested from the Reds Saturday.

The staff officer said the Chinese are stepping up their attacks along the western and central fronts.

He said there was increasing evidence that the Communists are moving up more artillery along the 155-mile front.

New Delhi, India, June 11 (AP)—The Indian Parliament approved today a 1952 defense budget today totaling $333,380,000 after defeating a Communist motion charging Indian defense was under British-American influence.

Laymen See Surgery For Stomach Ulcers

Chicago, June 11 (AP)—Major surgery on a human patient—heretofore televised nationally only for doctors—was viewed for the first time by laymen on a national network last night.

An estimated 30 million persons saw part of an operation on a 60-year-old man. The program was telecast over a 40-station network of the National Broadcasting Co.

The program, held in connection with the annual meeting here of the American Medical Association, was a demonstration of medical techniques.

The operation for removal of most of the unidentified patient's ulcer-damaged stomach was on the program for about six minutes.

Four doctors actually worked about four hours to complete the operation.

The telecast was similar to those seen previously only by doctors in closed-circuit demonstrations.

Video viewers saw surgeons begin sewing up the incision over the patient's stomach. The purpose was to show the manipulation of clamps, thread and needles used by the doctors.

Quake Hits Argentina

Buenos Aires, June 11 (AP)—A violent earthquake rocked the provincial capital of San Juan last night and first reports said at least one child was killed. Thousands fled in panic as the quake toppled buildings throughout the city of 80,000 just over the Andes from the Chilean border. A number of persons suffered minor injuries fleeing from movie houses or leaping from windows.

Blind Father Gets Lighthouse Award

New York, June 11 (AP)—The "Blind Father of the Year" citation was presented yesterday to Roy Ward, staff instructor of the Lighthouse, at that institution, 111 East 59th street, Manhattan.

The presentation to Ward, 32-year-old father of two children, living at 60-55 75th avenue, Glendale, Queens, was in recognition of his devotion to the work of teaching other blind men and women how to lead normal lives.

Dr. Philip S. Platt, executive director of the Lighthouse, made the presentation in behalf of the National Father's Day Committee, sponsor of the citation.

Ward's wife, Mabel, and their two children, Roy, Jr., 3½, and Nancy, six months, were present.

Ward has been blind since birth. His wife and children have normal sight.

Ward, a graduate of Cornell University, counts expertness in bowling among his accomplishments.

U. S. Generals Promoted

Tokyo, June 11 (AP)—Three U. S. major generals in Korea today were promoted to lieutenant generals—the rank called for by their present commands. They are Glen O. Barcus, commander of the Fifth Air Force; Williston B. Palmer, commander of the Tenth Corps, and Willard B. Wyman, commander of the Ninth Corps.

The answers to everyday insurance problems
By HERMAN J. EATON

QUESTION: I know damage to a car which is caused by wear and tear cannot be covered by insurance but what about a car that has been stolen and run at high speed without oil, thereby ruining the engine. Would that loss be covered?
ANSWER: Yes, an insurance company's intent is to return a stolen car to the owner in as good condition as before the theft. The company will pay for the engine damage.
•If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE OR OBLIGATION OF ANY KIND.

the fight. The army said seven wounded POWs had died since, boosting the death toll to 38. A new survey showed about 150 prisoners were wounded.

One American bled to death after being stabbed by a crude prison spear. Fourteen other Americans were injured, none seriously.

The bloody fight had its effect on POWs in other compounds. Those in adjoining 78 were moved to new, smaller pens without resistance a few hours later and 77 sent word to Boatner it would obey moving orders.

Prisoners in 77 began lining up in a driving rain an hour and a half before their scheduled evacuation.

The cleaning out of the enclosure yielded about 65 anti-Communist prisoners who said the evacuation had saved their lives.

North Korean Col. Lee Hak Koo, a Compound 76 leader now in solitary confinement, told an interrogator he thought Boatner was bluffing when he said he would move the prisoners by force if necessary.

There was an unofficial report that leaders of Compound 95 holding 6,000 North Koreans have told authorities they will not resist dispersal.

Breakup of the island's 17 big compounds is expected to take about 10 days.

A reliable source said the U. S. Eighth Army was planning to rescreen Koje's prisoners on whether they want to return to Communist territory in the event of an armistice.

Those who say "no" presumably will be moved to mainland camps.

In the first screening in April, the source said, Red leaders spoke for the POWs in about eight compounds and assured UN authorities that all wanted to return to Red rule.

Banking Committee Acts

Washington, June 11 (AP)—The House Banking Committee voted today (1) for a full year's extension of wage, price and rent controls, and (2) for dropping all controls over real estate and consumer credit.

UN Infantry Beats Back Sino Attack

Seoul, Korea, June 11 (AP)—United Nations infantrymen using bayonets and grenades early today beat back 200 Chinese Reds attacking a vital hill on the Korean western front.

A battalion of Reds—about 750 men—supported by heavy artillery fire had failed to win the position Tuesday.

An Eighth Army staff officer said 123 of the 200 attacking Chinese were killed in today's savage 50-minute fight near Chorwon.

The Reds broke and ran when the UN defenders hit cover and called in allied artillery.

About a mile away, another Chinese attack was repulsed by infantrymen defending a hill wrested from the Reds Saturday.

The staff officer said the Chinese are stepping up their attacks along the western and central fronts.

He said there was increasing evidence that the Communists are moving up more artillery along the 155-mile front.
